

NO. 11,462—40TH YEAR

COLORADO SPRINGS, COLO., WEDNESDAY, JANUARY 31, 1912

PRICE FIVE CENTS

2 LEADERS OF STRIKE ARE ARRESTED

Directors Lawrence, Mass., Co-Walkout Charged With Responsibility for Murder

NOT ALLOWED TO GIVE BAIL

Another Fatality in an Early Morning Outbreak—Martial Law Prevails

LAWRENCE, Mass., Jan. 30.—Charged with being an accessory to murder Joseph J. Etter of New York, leader of the textile strike was arrested by officers of the state police just before midnight. Later Octavio M. Giovannitti, the strike leader's right-hand man, was arrested on the same charge.

Etter was taken at his hotel as he was preparing to retire. Expecting his arrest he had made preparations to secure bail but was not allowed to give bonds.

The charge against the strike leader is in connection with the death of Anna Lopez, a striker, who was shot in an outbreak last night. The bullet which caused her death was fired by some one in the crowd of strike sympathizers, the police allege, and was aimed at the ground, but rebounded and struck the woman.

Before making the arrest the police and military authorities took extra precautions to prevent any outbreak among the strikers.

Arrest Not Unexpected. Etter's arrest was not unexpected, but it was thought that some other charge would be made against him, because of his alleged inflammatory statements at public meetings.

With the exception of an early morning outbreak when a Syrian striker, John Rami, was so seriously injured that he died tonight, the textile strike situation was quiet today.

Armed militiamen patrolled the streets under orders to shoot straight if need be, to enforce orders against demonstrations of any kind.

Apparently this had its effect, for no efforts were made to hold mass meetings or parades. Only three of the mills were idle today, and it was claimed that a larger number of operatives than yesterday reported for work.

Permit Funeral Parade. Colonel Sweetser has granted permission for a parade of strikers in connection with the funeral tomorrow of Anna Lopez, who was accidentally shot yesterday, but only after strike leader Joseph J. Etter had agreed that it should be purely a funeral party and not a demonstration. It is expected that nearly 10,000 strikers and sympathizers will be in line.

No efforts were made today to bring about a settlement of the strike, the strikers committee ignoring the suggestion of Governor Foss that the operatives return to work for 30 days, pending a settlement with the operators.

The military arrangements in the city tonight approach as close to a state of martial law as is permissible under the laws of the state. Colonel Sweetser has under his command 21 companies of infantry and two troops of cavalry and the whole city is under guard.

SENATORIAL DIGNITY RECEIVES A SHOCK

WASHINGTON, Jan. 30.—Mrs. Mary Harris Arnold, of Boston, Mass., known in prohibition circles in her own state as "the Georgia cyclone," fared senatorial dignity today.

She told the members of the senate committee on the judiciary in the hearing on the proposed law prohibiting shipments of liquors into "dry" states, that they "could learn a lot" and that whoever on the committee voted against the bill was "a mighty poor lawyer."

She was supported by Mrs. L. M. N. Stevens, president of the W. C. T. U., a half-hundred members of that organization several Georgia women and a scattering of men.

"I don't know why we should be here at all," Mrs. Arnold said, "since it is an insult to your intelligence for us to have to plead for such a law. I don't want to hurt anybody's feelings, but I can't help but talk common sense, and I have not any time to waste on you."

Mrs. Arnold and Mrs. Stevens spoke tonight at a temperance rally, and the former told the reporters she thought it would do them good if they would attend.

"You senators think you are too big to come to hear me speak," she said, "but I want to tell you that you could learn a lot. But speaking of this bill I am no lawyer, but I've read law, and anyone who votes against this bill because of alleged unconstitutionality is a mighty poor lawyer."

Miss Eleanor D. Brannan of New York, who followed a hand organ around the streets of that city distributing hand bills, advertising votes for women ball. Miss Brannan is the daughter of Dr. John W. Brannan, and her mother is also an ardent militant suffragette.

ABDICATION SAID TO HAVE BEEN DECIDED ON AT LAST

Chinese Empress-Dowager Will Call Meeting of Cabinet Today to Arrange Details

PEKIN, Jan. 30.—It is understood that immediate abdication of the throne has been decided upon as a result of the conference today between the empress-dowager, the ex-regent, Prince Chun, and ex-premier Prince Chin, in accordance with conditions laid down by the Republicans, that the imperial family and princes are to retain their empty titles, reside in Peking or elsewhere at their pleasure and receive annual pensions aggregating 3,000,000 taels (\$2,000,000), and that the transfer of power will be effected with as little loss of dignity to the throne as possible.

The empress-dowager has summoned a cabinet meeting tomorrow to arrange details of the abdication. Premier Yuan Shi Kai, in a statement to the newspapers, avers his readiness to accept almost any solution that will insure peace. He has no fear for the country's future, he says. If the settlement is the fruit of reason, truth and justice.

Yuan Shi Kai further says that he has no ambition to become president of the new republic, and only desires the esteem of a stable government. Many soldiers were killed today by the explosion of a dynamite mine under an imperialist troop train which was proceeding from Shaoan, 20 miles north of Hankow, to Homan. A bomb was thrown at the train, which was traveling on another train, but it struck the car adjoining, killing a number of soldiers, but not injuring the emperor.

General Laitan Pi, a former commander of the imperial guards, who was injured on January 27 by a bomb thrown by a Chinaman while the general was alighting from his carriage at his home in Peking, has since died.

SENATE VOTES TODAY ON CHILDREN'S BUREAU BILL

Running Fire of Constitutional Attacks Made on It During Debate Yesterday

WASHINGTON, Jan. 30.—The proposal for a children's bureau in the department of commerce and labor to investigate and report in all matters affecting the welfare of children, was debated in the senate today without action, and will be voted upon tomorrow.

Because of the many senators who wished to speak on the bill and the agreement previously reached on the legislation, the senate, after a running fire of constitutional attacks on the measure, took a recess at 5 o'clock tonight until noon tomorrow.

Senator Gallinger opposed the bill as contemplating an unwarranted intrusion into private affairs. He discussed criticisms of the measure made by a child labor bureau a few years ago, and said that these reports revealed nothing worse than the "turkey" trade in vogue in Washington today.

Mrs. Heyburn attacked the bill as a discrimination against the poor, and Senator Overman branded it as unnecessary.

Senator Smith of Georgia made his maiden speech in support of the bill. He said it would be of vast benefit to children, without interfering with state rights. Senator Bailey attributed the bill's popularity to the influence of women, who, he said, should confine their attention to subjects outside the halls of legislation.

"The more a woman knows about the things she ought to know," he said, "the less she knows about things we are doing now."

SECRETARY OF NAVY ARRAIGNS DEMOCRATS

Declares Curtailment of Battleship Program "Snap Judgment"

WASHINGTON, Jan. 30.—Abandonment of the program for two battleships this year brought out a statement from Secretary of the Navy Meyer today. The action of the Democratic caucus last night also caused activity in the Democratic ranks in congress, with the result that another caucus to reconsider the matter probably will be called.

Secretary Meyer arraigned the action of the Democratic caucus as "giving another illustration of government by snap judgment." He asserted that the Monroe doctrine is as big as the navy and the foreign policy of the United States, guaranteeing the neutrality of the Panama canal, must be prepared to make good its pledge.

"Even with a program of two battleships a year," said Secretary Meyer, "the United States will fall a little behind its present effective strength, for the reason that in another year four of our battleships, built during the same period, will become non-effective."

"The dreadnought type is the warship of the present day. One dreadnought built by a foreign power in excess of the number built by ourselves is equivalent to slipping off our list at one stroke the Indiana, Massachusetts, Oregon, Iowa, Kearsarge and Kentucky."

Enormous Extent of Coast Line.

We have an enormous extent of coast line, we have Alaska, Porto Rico, the Philippines and Hawaii, and we have the obligations to guard and protect Cuba and maintain her neutrality. To perform these obligations satisfactorily we must have a strong sea-going fleet. The only sure defense of the country and the only assurance of safety is for the fleet to be able to seek its enemy on the high seas and to cripple or destroy it."

England, the statement declares, has authorized for the coming year five dreadnoughts and Germany three dreadnoughts and one armored cruiser. Japan is said to have authorized five ships of the latest dreadnought type and \$75,000,000 for new construction between 1911 and 1913. The secretary asserts that the Democrats might have brought about economy if they "had the courage to abolish needless navy yards which are costing the government several millions of dollars a year for maintenance alone."

"A navy for the nation and not for local interest is what should be sought," the statement concludes.

DENVER ORGANIZATIONS WILL ADVERTISE STATE

Form Central Body to Send Out Free Motion Pictures and Lectures in Western States

DENVER, Jan. 30.—All the business organizations of Denver today united in forming one central organization for the purpose of advertising Colorado. Moving pictures will be shown and free lectures given in several western and southwestern states about Colorado attractions.

The organization includes a chamber of commerce, real estate exchange, Retail Merchants Association, Automobile Club, Press club, Colorado Manufacturing Association, Rocky Mountain Hotel Men's Association, Convention League and Electric Club.

C. W. Adams, proprietor of the Adams Hotel, was chosen chairman of the advertising bureau.

FORMER TREASURER OF TRINIDAD ACQUITTED

TRINIDAD, Colo., Jan. 30.—Former City Treasurer Allen Fowler was found not guilty of murder tonight by a jury in the district court. He was accused of having stabbed to death J. W. Bundy, a prominent tradesman, on the night of October 24, 1911, when he encountered Bundy in company with his two daughters, Ruby and Hilda Fowler, in the neighborhood of a questionable resort.

Self-defense and the "unwritten law" were pleaded in defense of Fowler.

Idaho Legislators and Governor Compromise

NOISE, Ida., Jan. 30.—Falling by a few votes to pass the revenue bill over the governor's veto, the house representatives of the state legislature assumed a conciliatory attitude, passed a compromise revenue bill today and postponed adjournment of the special session until tomorrow.

The compromise measure contains many of the features advocated by Governor Hawley, including full cash value assessment and the assessment of bank stock and mines. His demand for a tax commission will not be considered. The senate is expected to follow the example of the house in accepting the compromise.

The senate adopted today a memorial to the United States congress, protesting against a reduction in the duty on lead and zinc ores. Republicans and Democrats supported the memorial.

MONTANA MINING MAN DIES

BILLINGS, Mont., Jan. 30.—W. W. Worthington, one of the most prominent coal miners in Montana, died here today.

Countess of Warwick, wife of the Earl of Warwick, and known as one of the most beautiful women in England, will visit the United States early in February. It is her intention to lecture on various topics, especially those concerning the working classes. The countess is known as a Socialist leader and takes an intense interest in the cause of the worker.

Darrow's Trial to Be Delayed Pending New Developments

LOS ANGELES, Jan. 30.—"Did you make a confession to the grand jury, supplying the alleged facts on which Clarence Darrow, chief counsel for the McNamara, was indicted for jury bribery?"

"Will you be the state's star witness in the prosecution of Darrow, under an agreement of immunity?" These two questions were put today to Bert Franklin, the McNamara detective, accused of having passed the bribe money to Juror Robert John and Venetianman George N. Lockwood, and his reply was:

"If I am placed on the witness stand, I shall tell the truth. I will not perjure myself for anybody."

At the same time he maintained that there was no understanding between him and the prosecutors as to immunity.

Replying to the reports that he had confessed to the grand jury his alleged part in the corruption of McNamara jurors, Franklin said he had been before the investigators too short a time to have told very much.

"You can take it from me," he stated emphatically, "Bert Franklin never will go to the penitentiary. So, if money has been promised me, and there is no agreement at all between me and the district attorney's office."

No Conference With Ford.

W. Joseph Ford, the assistant district attorney, has never been at my office for any reason, nor have I been to his house or his office since a few days after I was arrested, and went then to obtain some property of mine. I am present to expect to go to trial on February 21, on the two bribery charges pending against me. I expect a jury to be sworn then, and the trial to proceed regularly.

(Continued on Page Two)

WOMAN CONFESSES KILLING MAN TO SAVE HER BROTHER

NEW YORK, Jan. 30.—With an eleven-hour confession that it was she who stabbed Charles Muldoon, Mrs. Theresa Martin, 22 years old, brought to a dramatic climax today the trial of her brother, James P. Muldoon, who was accused of Muldoon's murder.

The victim, who was Mrs. Martin's former sweetheart, was killed in a saloon in March, 1911. Muldoon fled to the west, and after being captured in Denver, it was alleged that he confessed. The sister, unexpectedly, appeared in court yesterday and confessed to guilty knowledge, and the case was halted.

Today Mrs. Martin testified that she had quarreled with Muldoon and went to her home for a bread knife. Promises of both the prosecutor and the judge for immunity failed to persuade her to continue her story. However, she finally was asked:

"Who drove the knife through Muldoon's heart?"

"I did," she replied. "I did it."

Lawyers in the case went ahead with perfunctory summing up of arguments, and the case will go to the jury tomorrow.

LISBON DISTRICT IS UNDER MARTIAL LAW

Government Suspends Constitutional Guarantees Because of Situation

LISBON, Jan. 30.—Following the grave situation caused by the general strike, the constitutional guarantees have been suspended and martial law has been proclaimed in the district of Lisbon, the only one suspended since the keeping of General Cavallotti and troops surrounded the town.

Reformers are arriving constantly, but because of the presence of troops there were few disorders today. Liberty of work is guaranteed by the government.

There are 500 troops under arms in Lisbon, where the strikers declare they have thrown bombs with which they will be able to annihilate the soldiers. Several bombs already have been thrown with terrific effect.

The government is desirous of preserving a moderate and prudent attitude and offers to concede part of the strikers' demands, which include release of all the strikers arrested during the disturbances in the Estima district and the dismissal of the governor of Estima.

A large number of strikers already have been arrested. The troops are under orders to guard all suspected places, with the result that wholesale arrests have been made and numerous persons are being held in the hospitals.

Toward evening strikers assembled in various quarters and bombs were thrown at military headquarters in Beato square, and in the suburbs of Alameda, troops were obliged to charge the mobs with drawn sabres.

The government has announced the strike was formed by royalists, who supplied the strikers in Estima with 500,000. The intention of the royalists was to send 1,000 armed men across the frontier into eastern Portugal, that region being favorable to a monarchy, and start a general rising, but the government hurried reinforcements there.

It is reported that the strikers, bandits and smugglers collected a column of troops into the heart of the mountains near Evora, where the column was in danger of being surrounded and wiped out, but was saved finally by reinforcements.

VETERAN MARINER DEAD

TACOMA, Wash., Jan. 30.—Capt. George W. Wells of Rensselaer, Me., a veteran mariner of the Atlantic, is dead here of paralysis, aged 79.

MOORE LEFT WIFE \$1

\$200,000 Estate of Frisco Clubman Killed by Chauffeur, to Son Mrs. Moore to Contest

SAN MATEO, Cal., Jan. 30.—The will of John J. Moore, the San Francisco capitalist who was fatally shot in a pistol duel in front of Moore's residence here Saturday night by J. Stanley Timothy, the chauffeur who he charged with having been intimate with Mrs. Moore, was filed at the county court at Redwood City today. Moore's entire estate is left to his 22-year-old son, Jefferson Moore. Mrs. Moore is 31. The estate is valued at \$200,000.

William H. Jordan, attorney for Mrs. Moore, said today that he would contest the will.

LONG DEBATES OVER WAGE CONTRACTS IS PROBABLE

INDIANAPOLIS, Jan. 30.—Long debate on the conflicting terms of wage contracts for the Bituminous miners, presented by both the miners and the mine owners' organizations, was the prospect when the subcommittee of the conference closed its first day.

That little progress had been made today toward an agreement is expected to be the report of the miners' scale committee to the United Mine Workers convention tomorrow. The conference is to hold brief sessions daily until either a contract approved by miners and operators is submitted by its ratification, or until notified an agreement is impossible. In the latter case, it is to determine what measure the miners shall adopt in an effort to enforce their demands.

Says American Explorers Name Too Much of North

OTTAWA, Ont., Jan. 30.—Peary and other American explorers have given American names to so many Canadian lands that unless something is done "Hail Columbia" will be scattered all over the "Canadian Arctic" map, said Captain Bendier, the Canadian explorer, today.

Peary called one particular portion of Crokers land Thomsen in honor of one of his party, although he had never set foot on it or been within miles of it, said Bendier.

He considers that such places should be renamed by proper exploration. It is understood that Bendier's report will show some radical differences from the reports of the American explorers.

MADISON, WIS., REFUSES TO ADOPT COMMISSION PLAN

MADISON, Wis., Jan. 30.—The proposal to adopt the commission form of government was defeated here today at a special election, the vote being 2,125 for, 2,662 against.

The Duchess of Abercorn, who presided at the meeting of the council of the Ulster Unionist association held at Belfast, where the movement against the home rule bill was condemned. More than 40,000 women throughout Ireland are enlisted in the cause to defeat the provisions of the home rule bill.

FORMER LONDON NEWSBOY CONTESTANT FOR FORTUNE

Found Etienne Buillard While on Visit to England and Identified Him as Lost Heir

SAN FRANCISCO, Jan. 30.—By an action filed in the superior court here today, a London newsboy, 14 years old, became a contestant for a fortune.

The suit filed by Mrs. Amelia A. Dierks in behalf of Etienne Buillard, a London newsboy, reveals the story of the boy's abandonment in Paris after the death of his mother, and the discovery, according to Mrs. Dierks, that he is the grandson of the late Dennis Hayes, a wealthy pioneer mining man of California, and that he was restored to his relatives by the chance meeting with his benefactress in London. The boy's claim to a share in the Hayes estate of approximately \$100,000 is entered in the suit filed today.

The boy's memories of his parents were vague, but Mrs. Dierks learned by investigation, she says, that his mother was Agnes Hayes, daughter of Dennis Hayes, and that she had married Etienne Buillard, a supposed wealthy Frenchman, against her father's wishes and had gone to Paris to live. Further inquiry revealed the whereabouts of an aunt, Mrs. Cecilia Laib, living at San Francisco, and Etienne was taken to her by Mrs. Dierks.

The splendor of the Laib home, however, soured on the former newsboy, and he returned to the home of Mrs. Dierks in New York.

DETECTIVE ON TRIAL SERVED PRISON TERM

Bert Connors, on Trial for Alleged Dynamiting Conspiracy, Admits Criminal Record

LOS ANGELES, Jan. 30.—Bert H. Connors, on trial on the charge of having conspired to dynamite the city hall of records, September 9, 1910, admitted, upon cross-examination today, that he was an ex-convict.

The admission was drawn from him by Earl Horton, deputy district attorney, almost directly upon the conclusion of the defendant's direct testimony. Connors answered the question, only after his counsel thereby had opposed letting him tell that part of his past.

"In the fall of 1906," Connors stated, "I was convicted of a felony at Los Angeles. I was sentenced to serve a term at the penitentiary at Jefferson City, Mo. After I had served three or four years, I was pardoned through the efforts of the judge who sentenced me."

Connors testified that his criminal record had been well known in the middle west and east and that it made life there so difficult for him that he had come west.

Connors denied all the important statements made against him on the witness stand by J. Marshall Parks and Joseph R. Bishop, county detectives.

MERCY FOR ZAPATISTAS

MEXICO CITY, Jan. 30.—The government's policy regarding treatment of followers of Emiliano Zapata was tempered today, when it ordered that relief be paid out if they surrendered.

This applies to all except Zapata and his officers, and, even in their case, only one-fourth of the penalty will be inflicted should they refuse themselves up.

When Congress suspended the constitutional guarantee of the right to trial by jury, the penalty was set at \$100,000 for each man who refused to surrender.

ATTACKS GET ON TAFT'S NERVES

In Aggressive Speech at Columbus, He Declares Administration Is Good

MORE TIME TO POLITICS

Starts in to Tell About McKinley but Switches to Present Campaign

COLUMBUS, O., Jan. 30.—Reviewing the achievements of his administration before the Columbus Glee club, here today, President Taft drew the line sharply between the old-line Republicans and the Progressives of his party, and said that the time was at hand when the "denunciation of the Progressives must cease, and when the nation will demand facts."

He said he had not the slightest doubt that the Republican party would carry the November elections.

The president made one of the most aggressive speeches he has delivered in months.

He indicated that he had grown impatient with the attacks that have been made upon the Republican party and upon his administration. He said that the old-line Republicans were "progressive" enough to admit all the legislation that Progressives demanded, but that he was not the sort of a man to promise to "make a heaven on earth" or to reform the world in a day.

Three Reasons for Victory.

He said that in his mind there were three reasons why the party should be returned to power next November. One was that it had done "reasonably and fairly" well in its administration of the government in the last few years, and deserved the continued confidence of the country; the second was that it was "progressive and would put in operation the necessary legislation that is progressive," and the third was that the party was "not chasing chimerae and not unsettling the foundations of government merely to indulge in the fancies of hope."

The president's political speech came as a surprise to many. This audience, who listened respectfully when he began reviewing narrative fashion his knowledge of William McKinley. From the former president, however, he switched suddenly into the present-day politics, and the others cheered him wildly when he said:

"I believe that the Republican party is going to be successful in November, 1912, and I believe it thoroughly and sincerely and without any momentary wavering whatever, and I believe that because I have belief in the intelligence and the discrimination of the American people. I believe they know what good sense, justice and discrimination enough to enable the party organizations through the press and through political speakers in the campaign of education that is coming, to convince them that the service of the last four years has been such that they can trust it for the next four years."

Not Fault of Party.

From his optimistic look into the future, the president turned to the past and the present and his voice, husky as it was, rose to a higher pitch:

(Continued on Page Two)

U. S. STEEL EARNINGS LOWEST SINCE 1908

NEW YORK, Jan. 30.—Earnings of the United States Steel corporation for the fourth quarter of 1911, made public today, were \$28,000,000, with net earnings of \$10,000,000. These figures, which are subject to slight changes upon completion of the audit for the year, barely cover the account payable to preferred and common dividends at the present rates of 7 and 5 per cent per annum, respectively. The usual quarterly dividends at these rates were declared by the directors at their meeting today.

Earnings of the year aggregated \$104,255,563, with net earnings of \$34,338,335. These figures compare with \$114,444,000 and \$31,000,000, respectively, in 1910, and about the lowest returns since 1909. The year follows the financial and general industrial depression. After payment of the preferred and the common dividend, the surplus net income for the final quarter of the year was reduced to \$8,828,828, against \$48,000 in the corresponding quarter of 1910. At the end of the latter year the corresponding period furnished a balance surplus of \$10,925,719. At the end of 1911, the total surplus was reduced to \$4,745,462.

It is noteworthy that in the year 1911, the steel corporation made no appropriation for surplus for expenses of any known kind, whereas in 1910, the sum of \$24,000,000 was appropriated for various expenses, including \$2,000,000 for advertising, \$1,000,000 for construction, and \$1,000,000 for general mining royalties.

Today's meeting of the directors was of unusual duration but no statement was made by any of the corporation officials.

DON'T USE DRUGS FOR CONSTIPATION

Just Try Nature's Cure

We all know that constipation brings on countless other complaints if not taken in hand, appendicitis among them—also that any drug will lose its power after being taken for a time—but we should also know that every drug forces nature instead of assisting her, and will, if continued, make us slaves to them.

There is now a method of internal bathing which will keep the intestines as clean and pure and free from waste as exacting nature can demand—which, taken occasionally, will prevent constipation, biliousness with its depression and the countless more serious diseases which are caused by the blood poisoning the poisons from the intestines—carrying them through the system.

That method is the "J. B. L. Cascade," which is being enthusiastically used by many thousands, is prescribed by the most enlightened physicians everywhere and is now being shown and explained by Max Kahn, Druggist, Postoffice building, this city.

Every one should at least investigate this nature-cure without delay. Ask for booklet: "Why Man of Today is Only 50 Per Cent Efficient."

THE WEATHER

Colorado—Fair weather, moderate temperature Tuesday and Wednesday.

The following meteorological record is furnished by the Colorado college weather bureau for the 24 hours ending at 6 p. m.:

Temperature at 6 a. m.	15
Temperature at 12 m.	29
Temperature at 6 p. m.	32
Maximum temperature	32
Minimum temperature	14
Mean temperature	27
Max. bar. pressure, inches	24.12
Min. bar. pressure, inches	24.00
Min. velocity of wind per hour	6
Relative humidity at noon	58
Dew point at noon	26
Precipitation, in inches	0

CITY BRIEFS

DANCING school tonight, Majestic hall. Private lessons by appointment.

MODERN WOMEN social dance, Thurs. eve., Majestic hall, Fink's orchestra.

DO NOT hesitate when wishing for health; we lead others follows. The Electro-Thermometer 124 S. Tejon. Phone 1425.

SLAB KILLING, \$250 for one-horse wagon loan, delivered. Pinon Canyon, 111 N. Tejon. Union Ice & Coal Co. Phone 21.

THE next club dance given by Irene Clark and Sadie Thomas will be Wednesday evening, January 31, Majestic hall. Fink's orchestra.

STOCKS ACTIVE—Elkton stock advanced again yesterday, 10,000 shares selling at \$42. 44 and 44 1/2 cents. The wheat 20,000 shares were sold at 2 1/2 and 2 3/4 cents.

GLOBE TROTTER HERE—Frank Bodwell of Portland, Me., who is on his way across the country on a wager that he could travel from Maine to California and make his expenses by the sale of motto cards, reached here yesterday. He is a former newspaper man and will write about his experiences as soon as he finishes his trip.

ENTERS CONVENT—Miss Edith Himebaugh, formerly of this city and daughter of Commissioner J. A. Himebaugh, took the vows of a novice in the Catholic convent of St. Scholastica in Chicago January 6. She is now Sister M. Cecelia of the convent. She is a graduate of the Catholic academy at Canon City.

SPRING IS COMING

Now is the time to have your house painting and decorating done, and the man to see is Richard Weber. Get his prices on anything in this line. All work guaranteed. Phone 2807.

The given name, Thomas, occurs on an average of 39 times in every 1,000.

Colorado City DEPARTMENT

COLORADO CITY SEEKING LOWER FREIGHT RATES

Louis Finn, representative of the Great Western Overall company of Chicago, is actively at work in Colorado City to secure the cooperation of the business men in securing a reduction of freight rates to this place. According to the plans of the company, which has been considering this for some time, there will be a branch factory of the company opened here in the near future, especially if the raw materials can be shipped from eastern points at a reduced rate. A number of the business men are interested in the scheme and are heartily in favor of it. A number of locations for the business are being considered, suitable for the use of electric power.

COLORADO CITY NEWS NOTES.

J. B. Taylor of Florissant was in the city yesterday for the day.

The condition of Mrs. J. S. Fletcher, who has been ill at her home for the last week, is reported as unimproved.

Mr. and Mrs. H. K. Jarvis of 188 South Fifth street have moved to Colorado Springs to reside.

A daughter was born yesterday to Mr. and Mrs. H. B. Gregory of 1816 Park avenue, Colorado Springs.

To the Public—Mrs. Enos will take sewing by the day or piece. Home phone M. 209. Address 3 S. Washington, Colorado City.

Donald Williams, who left several months ago to take contracts for the drilling of oil wells in Wyoming, is here for a short time.

The condition of Miss Dorothy White, who underwent an operation several days ago, is reported as satisfactory.

A son was born recently to Mr. and Mrs. A. N. Myers, formerly of this city, in Loveland, Colo., where they have been for the last year.

Miss Alvin Ferris, who has been visiting her grandparents in Grand Junction for several weeks, has returned.

John Moore of Marysville, Mo., is in the city, the guest of Mr. and Mrs. J. D. Boone. He will leave tomorrow for Delta, Colo., where he has property interests.

Charles J. Davis of 45 Washington avenue was badly injured while doing some carpenter work at the Midland roundhouse yesterday morning. He had his right leg broken and sustained severe scalp wounds. He was taken to St. Francis hospital.

Train No. 303 was delayed on the Colorado Midland, just above Manitou, yesterday morning, by the breaking of one of the wheels of the engine. The trucks of the locomotive left the track while the train was passing.

The mayor and a number of the business men are considering the plan of calling a general public meeting to further the plans for securing a reduction of freight rates from eastern points to Colorado City.

A Bathroom Necessity

Once you have used one of our bath sprays, you will regard it as a positive necessity. It gives the pleasure and comfort of a thoroughly modern and perfectly equipped bathroom. It can be attached instantly to any faucet. Let us show you this clever device.

Galveston fronts the Gulf of Mexico, "Way down South" in Texas. Where roses and oleanders and palms grow outdoors in January is a good place to winter in—that's self-evident.

Galveston, too, has Hotel Galvez—a new million-dollar edifice, located near the beach and seawall. You will like Hotel Galvez, once you enter its doors. A charming southern hospitality is supplemented by all the luxuries of Fifth Avenue.

Go to Galveston this winter on the Santa Fe. The train service is convenient. The excursion fares are low.

ASKS \$75,000 DAMAGES FOR ALLEGED FALSE ARREST

ORDWAY, Colo., Jan. 30.—Alfred Jan. 30.—A. J. Davidson, charged with the murder of a woman in this county, G. A. Davidson has brought suit against L. G. Bowers, Levi Spitzer and Carl W. Lense of Duxon, O., asking \$75,000 for malpractice and damages for being forced out of the land deal. The complaint alleges that Lense was prosecuting attorney for Montgomery county, Ohio, and that he came to Colorado, not as prosecuting attorney but because he was interested in a land deal with other defendants, and they all were trying to annul a contract made with Davidson for the sale of certain lands west of here. This Davidson says, was the cause of his arrest and attempted removal to Ohio. Davidson said he was discharged by Governor Harmon.

GOODWIN IN NEW YORK FOR SCHEFFEL'S DEFENSE

NEW YORK, Jan. 30.—Nat Goodwin, the actor, arrived here today to testify for the defense at the trial of George Graham Lusk B. H. Scheffels and other mining stock promoters charged with using the mails to defraud, and was excused until tomorrow. He denied with more or less merriment, a report that he was going to marry a "society belle." Asked if he intended trying another matrimonial venture, he said:

"You never can tell."

MAY NOT CALL ANY MORE LABOR LEADERS

INDIANAPOLIS, Ind., Jan. 30.—Whether any other labor leaders of national prominence are to be called in the government's investigation of the dynamite conspiracy is to be determined by the appearance of Frank Morrison, secretary of the American Federation of Labor, before the federal grand jury, Thursday.

Attorney Charles W. Miller said today no subpoena had been issued for Morrison, and so far as he knew, it was not likely Gompers would be called. It was intimated that what Mr. Morrison had to say in his testimony would decide whether it would be necessary to summon any other federation officials.

In investigations allegations that money was due to divert or influence witnesses, the government, it is said, found in books and correspondence obtained since J. J. McNamara's arrest, last April, records upon which more light is desired.

Mr. Morrison, who is to be accompanied by Henry H. Fletcher, cashier of the bank in Washington where the American Federation of Labor funds are kept, is to be asked about the disposition of the \$235,000 raised for the defense of the McNamara brothers.

Whatever financial dealings, if any, the International Association of Bridge and Structural Iron Workers had with the federation since McNamara's arrest, are to be inquired into.

Before his arrest, McNamara, secretary of the iron workers, was allowed \$1,000 a month for which he was not required to give any accounting, but which, Orville McNamara, the confessed dynamiter, says, was used to buy explosives and to pay men to blow up "open shop" structures. It was while going over these accounts that the grand jury, it is said, decided to go into the finances of the iron workers.

COLDS

Munyon's Cold Remedy relieves the head, throat and lungs almost immediately. Checks fevers, stops discharges of the nose, takes away all aches and pains caused by colds. It cures grip and influenza coughs and prevents pneumonia.

What the Press Agents Say

OPERA HOUSE VAUDEVILLE AT 5 AND 10 CENTS A GREAT SUCCESS

Opening yesterday matinee and running three days more of this vaudeville, Thursday and Friday, vaudeville and motion pictures will be seen at the Opera house at 5c and 10c, a scale of prices never before seen in this city for vaudeville.

Three high-class reels are not being presented in this city as those at the Opera house, as someone having seen the show last evening was quick to say, while leaving the theater. I have never before seen better picture subjects, and, with those four acts of vaudeville, you sure are getting a run for your money.

The same vaudeville program will be seen three days more, with a complete change of pictures daily.

"Four performances daily, an eastern idea of amusement, think it over," at 5c and 10c admission.

SALE READY THURSDAY FOR GRAND OPERA

In Henry W. Savage's immense production of Puccini's grand opera in English, "The Girl of the Golden West," which will be offered at the Opera house, Thursday, February 3, of which the advance sale of seats will go on Thursday, February 1, there are five complete casts of principals. That is, there are five prima donnas, five tenors and five baritone. Thus he is enabled to give the performance five consecutive nights without repeating a single principal. These singers are all of distinguished merit, plucked by Mr. Savage and his agents from many of the leading opera houses of the continent of Europe. The music is very difficult, and its dramatic quality makes good acting also an essential in the artist. The whole performance, aside from the wonderful score, is played absolutely true to the dramatic model from which it was evolved. The organization carries a grand opera orchestra of 50 pieces. It is conducted by Giorgio Polacco of Venice and Milan, the friend and coworker of the great Puccini himself.

SPECIAL MATINEE SATURDAY FOR "AROUND THE CLOCK"

The theatergoers of this city have a treat in store for them, as the management of the Opera house has succeeded in securing the big musical comedy success, "Around the Clock," which has met with instant favor since its first presentation. It is a musical comedy with more original ideas, latest songs, music, pretty faces, clever comedians, than any other now on tour. The cast is headed by the famous English comedian, Billy Ritchie, who will be remembered for his extraordinarily funny interpretation of the "drunk" in the travesty, "A Night in a London Music Hall," seen in the principal vaudeville houses throughout the country for several seasons. He is supported by some very prominent players, who are familiar to theater patrons. Special scenery, properties and other effects are carried intact for each act, which insures a perfect performance. "Around the Clock" will be seen at the Opera house Saturday next, February 3, matinee and night.

"THE FORTUNE HUNTER"

As delightful in its humor and as native American as anything by Irving, Lowell or Holmes, is "The Fortune Hunter," by Winchell Smith, which comes to the Opera house Monday, February 5.

Not only did it outlast all other of the season's productions in Chicago and New York, but it made new records for a play without music. In its long run, the Winchell Smith comedy had many special events, notable among which was the matinee for ministers, and bankers' night, when the most noted men of finance attended in a body. One of the biggest events of the year was the "druggists' night," when the entire theater was taken by druggists, and others associated with that trade.

Fred Niblo, as Nat Duncan, the fortune hunter, is ably supported by a perfect company, including Miss Josephine Cohan, sister of the "Rankee Doodle" comedian, George M.

Mr. Niblo has won great personal success in the title role of the play. Frank Bacon, as the delightful old druggist, Frank Boman, the rural sheriff, Neil Burton, the banker, whose fortune is the attraction, Daniel Hamilton, the young broker whose scheme is the basis of the play, are the principal men in the supporting cast. Josephine Cohan, the druggist's daughter, whose love transforms the fortune hunter, Lento Fulwell, the banker's daughter, and Virginia Berry, the country girl, have the principal women's parts.

The play and production is under the direction of Messrs. Cohan and Harris, a guarantee in itself that the performance will be in every way worthy. Seats ready Thursday. Prices, 50c to \$2.00.

CARNIVAL SCENES AT MAJESTIC TOMORROW

Did you see the summer carnival scenes at the Majestic last Friday? More than 2,000 people did, and a good many of them—hundreds, in fact—recognized themselves or their friends. The pictures have been secured again by Manager Tammen, at the special request of officials of the Chamber of Commerce, and will be shown again tomorrow for the last time. If you want to see yourself as others see you, or if you would like to live the carnival over again, don't miss them. They show both the automobile and pioneer parades in all their glory, and the scenes are immensely interesting.

Tomorrow there will also be three other films, with a Rex. "The Boarding House Mystery" (not hash) as the feature. Today's feature film is a great Nestor. "Roped and Tied." Don't miss it.

THROWS LIGHTED LAMP AT WIFE IN A FIGHT

DENVER, Jan. 30.—Realizing the futility of carrying his point in an argument with his wife by ordinary means because of the fact she tips the scales at 315 pounds, John Anderson, colored, buried a lighted lamp at her early today and she was badly burned about the breast and shoulders. When Anderson started to leave the house a beer bottle hurled with great precision by his 16-year-old son, struck him just back of the ear, knocking him down and cutting a deep gash in his scalp.

The son stepped over his father's body and hurried to a nearby grocery store, where he sent in a call for the police ambulance.

ATTEMPT TO HAZE STUDENT DISASTROUS FOR THREE

HIRAM, O., Jan. 30.—An attempted hazing of R. L. Thomas of Youngstown, a sophomore of Hiram college, resulted in Earl Cooks being badly cut and William Oldacre and J. Maus being less seriously wounded, according to a statement issued today by college authorities. Thomas, a star football player and basketball player recently, it is said, tore the "H" from his sweater, declaring he was ashamed of his college and intended to leave. Last night a party of students found Thomas in a restaurant.

Seeking they intended to attack him. Thomas turned out the lights and in a fight in the darkness which followed the three students were wounded.

TOLSTOI'S WIDOW GRANTED \$5,000 PENSION BY EMPEROR

ST. PETERSBURG, Jan. 30.—The Russian emperor has granted a pension to the widow of Tolstol, amounting to 10,000 roubles (\$5,000) annually.

Aeroplane were used August 15 for the first time in Russia in the army.

AWAY GOES CATARRH AND BAD COLDS

NOSE AND THROAT, CATARRH, HEADACHES AND COLDS.

No matter how bad your catarrh, how much your head aches, or how miserable you are with a cold in the head, nostrils stopped up, hawking, spitting, bad breath, you always get immediate relief by using Ely's Cream Balm.

Don't let your entire system be poisoned by the deadly catarrh germ which, sooner or later, causes complete decay of bone and tissue. The continual dripping of the germ infected discharge down the throat leads to catarrh of the mouth and bowels.

Get a 50-cent bottle of Ely's Cream Balm from your druggist today, and you will get relief a few minutes after using it. Your headache and cold will vanish, and in a short time you will be completely rid of catarrh. Give it to the children for colds and croup. It is the best.

BIRTHDAY CAKE OF AGED WOMAN HAS 102 CANDLES

HEALDSBURG, Cal., Jan. 30.—A cake of her own baking lighted with 102 lighted candles, each candle symbolizing a year of her eventful life, held the place of honor on the table today when "Grandma" Electra Kennedy gave a birthday party in her home here.

Mrs. Kennedy was born at Derby, Vt., in 1810. The Mexican war found her in that republic where her husband had established a cotton mill. In their flight of 1,400 miles filled with exciting escapes from Mexicans and Americans, Mrs. Kennedy rode astride a mule. The gold rush of '49 brought them to California. Mrs. Kennedy was one of the first women to register when the new suffrage law carried in this state. She attributes her long life to simple living.

DR. MURPHY SAYS

An article of merchandise without a label such as this is a sure sign of out pride of ancestry or hope of posterity.

And an improperly fitted pair of glasses is like a lost diamond, a never ending source of worry. Moral: Get the kind that fit—glasses—mean. Vignette guaranteed. 35, Burns Bldg.

MAY NOT CALL ANY MORE LABOR LEADERS

INDIANAPOLIS, Ind., Jan. 30.—Whether any other labor leaders of national prominence are to be called in the government's investigation of the dynamite conspiracy is to be determined by the appearance of Frank Morrison, secretary of the American Federation of Labor, before the federal grand jury, Thursday.

Attorney Charles W. Miller said today no subpoena had been issued for President Gompers, and so far as he knew, it was not likely Gompers would be called. It was intimated that what Mr. Morrison had to say in his testimony would decide whether it would be necessary to summon any other federation officials.

In investigations allegations that money was due to divert or influence witnesses, the government, it is said, found in books and correspondence obtained since J. J. McNamara's arrest, last April, records upon which more light is desired.

Mr. Morrison, who is to be accompanied by Henry H. Plather, cashier of the bank in Washington where the American Federation of Labor funds are kept, is to be asked about the disposition of the \$235,000 raised for the defense of the McNamara brothers.

Whatever financial dealings, if any, the International Association of Bridge and Structural Iron Workers had with the federation since McNamara's arrest, are to be inquired into.

Before his arrest, McNamara, secretary-treasurer of the iron workers, was allowed \$1,000 a month for which he was not required to give any accounting, but which, Orville McManigill, the confessed dynamiter, says, was used to buy explosives and to pay men to blow up "open shop" structures.

It was while going over these accounts that the grand jury, it is said, decided to go into all the finances of the iron workers.

Bible School of Health and Life Foundation in Denver Is Incorporated

DENVER, Jan. 30.—Denver became the headquarters yesterday of a national organization for "teaching and demonstrating the principles of the living gospel as taught by Jesus and his disciples," when "The Bible School of Health and Life Foundation" was incorporated.

Some of the most prominent residents of Denver are back of this organization, which is an outcome of the Denver Bible school that for the last three years has held its meetings in the home of Mrs. Charles B. Kountze. Others of the school say that Mrs. Kountze has performed some remarkable cures.

The Bible School of Health and Life is based on the incorporation of an advance over the Christian Science and Divine Science doctrines, Secretary Dean declaring that it is "teaching the Bible instead of a book written by some man or woman."

The incorporators are the Rev. William W. McArthur of 1227 East Colfax avenue, the founder of the doctrine; Mrs. Arthur A. Fisher, Leo Vincent and William G. Dean.

The business of the organization is vested in a board of trustees composed of Leo Vincent, chairman; Mrs. S. A. Ritter-Brown, vice chairman; William G. Dean, secretary; Mrs. Arthur A. Fisher, treasurer; Mrs. Mary E. W. Benson, Charles W. Coyle and the Rev. William W. McArthur.

The teaching and healing is in charge of Mrs. Charles B. Kountze, Mrs. Thomas S. Hayden, Mrs. J. Walter Best, daughter of Mrs. Kountze; Mrs. Arthur A. Fisher, Charles P. Armstrong and the Rev. William W. McArthur.

The Denver Bible school was the name adopted by the Rev. Mr. McArthur, formerly a Christian Scientist, for his new belief, three years ago.

There has been considerable interest manifested in the school throughout the United States, and one has been organized in Spokane known as the Spokane Bible school. The Bible School of Health and Life Foundation is incorporated to organize and open schools wherever desired, and each will be known by the local name of the town in which organized. The Denver Bible school is No. 1, and the Spokane Bible school is No. 2.

THROWS LIGHTED LAMP AT WIFE IN A FIGHT

DENVER, Jan. 30.—Realizing the futility of carrying his point in an argument with his wife by ordinary means because of the fact she tips the scales at 315 pounds, John Anderson, colored, hurled a lighted lamp at her early today and she was badly burned about the breast and shoulders.

When Anderson started to leave the house a beer bottle hurled with great precision by his 15-year-old son, struck him just back of the ear, knocking him down and cutting a deep gash in his scalp.

The son stepped over his father's body and hurried to a nearby grocery store, where he sent in a call for the police ambulance.

ATTEMPT TO HAZE STUDENT DISASTROUS FOR THREE

MIRAM, O., Jan. 30.—An attempted hazing of R. L. Thomas of Youngstown, a sophomore of Hiram college, resulted in Earl Cooks being badly cut and William Oldacre and J. Maus being less seriously wounded, according to a statement issued today by college authorities.

Thomas, a star football player and basketball player recently, it is said, told the "H" from his sweater, declaring he was ashamed of his college and intended to leave. Last night a party of students found Thomas in a restaurant.

Seeing they intended to attack him, Thomas turned on the lights and in a fight in the darkness which followed the three students were wounded.

TOLSTOI'S WIDOW GRANTED \$5,000 PENSION BY EMPEROR

ST. PETERSBURG, Jan. 30.—The Russian emperor has granted a pension to the widow of Tolstoy, amounting to 10,000 roubles (\$5,000) annually.

Aeroplane were used August 15 for the first time in Russia in the army maneuvers.

What the Press Agents Say

OPERA HOUSE VAUDEVILLE AT 5 AND 10 CENTS A GREAT SUCCESS

Opening yesterday matinee, and running three days more of this week—today, Thursday and Friday—vaudeville and motion pictures will be seen at the Opera house at 5 and 10c, a scale of prices never before seen in this city for vaudeville.

Three high-class reels are not being presented in this city as those at the Opera house are. The evening show the show last evening was heard to say, while leaving the theater, "I have never before seen better picture subjects; and, with those four acts of vaudeville, you sure are getting a run for your money."

The same vaudeville program will be seen three days more, with a complete change of pictures daily.

"Four performances daily," "an eastern idea of amusement," "think it over," at 5c and 10c admission.

SEATS READY THURSDAY FOR GRAND OPERA

In Henry W. Savage's immense production of Puccini's grand opera in English, "The Girl of the Golden West," which will be offered at the Opera house, Thursday, February 8, of which the advance sale of seats will go on Thursday, February 1, there are five complete casts of principals. That is, there are five prima donnas, five tenors and five baritones. Thus he is enabled to give the performance five consecutive nights without repeating a single principal. These singers are all of distinguished merit; plucked by Mr. Savage and his agents from many of the leading opera houses of the continent of Europe. The music is very difficult, and its dramatic quality makes good acting an essential in the artist. The whole performance, aside from the wonderful score, is played absolutely true to the dramatic model from which it was evolved. The organization carries a grand opera orchestra of 50 pieces. It is conducted by Giorgio Polacco of Venice and Milan, the friend and coworker of the great Puccini himself.

SPECIAL MATINEE SATURDAY FOR "AROUND THE CLOCK"

The theatergoers of this city have a treat in store for them, as the management of the Opera house has succeeded in securing the big musical comedy success, "Around the Clock," which has met with instant favor since its first presentation. It is a musical comedy with more original ideas, latest songs, music, pretty faces, clever comedians, than any other now on tour. The cast is headed by the famous English comedian, Billy Ritchie, who will be remembered for his excruciatingly funny interpretation of the "drunk" in the travesty, "A Night in a London Music Hall," seen in the principal vaudeville houses throughout the country for several seasons. He is supported by some very prominent players, who are familiar to theater patrons. Special scenery, properties and other effects are carried intact for each act, which insures a perfect performance. "Around the Clock" will be seen at the Opera house Saturday next, February 3, matinee and night.

"THE FORTUNE HUNTER"

As delightful in its humor and as naturally American as anything, by Irving Lovell or Holmes, is "The Fortune Hunter," by Winchell Smith, which comes to the Opera house Monday next, February 5.

Not only did it outlast all other of the season's productions in Chicago and New York, but it made new records for a play without music. In its long run, the Winchell Smith comedy had many special events, notable among which was the matinee for ministers, and bankers' night, when the most noted men of finance attended in a body. One of the biggest events of the year was the "druggists' night," when the entire theater was taken by druggists and others associated with that trade.

Fred Nible, as Nat Duncan, the fortune hunter, is a character of the first order.

Away Goes Catarrh and Bad Colds

ELY'S CREAM BALM CURES SORE NOSE AND THROAT, CATARRH, HEADACHES AND COLDS.

No matter how bad your catarrh, how much your head aches, or how miserable you are with a cold in the head, nostrils stopped up, hawking, spitting, bad breath, you always get immediate relief by using Ely's Cream Balm.

Don't let your entire system be poisoned by the deadly catarrh germ which, sooner or later, causes complete decay of bone and tissue. The continual dripping of the germ infected discharge down the throat leads to catarrh of the stomach and bowels.

Get a 50-cent bottle of Ely's Cream Balm from your druggist today, and you will get relief in a few minutes after using it. Your headache and cold will vanish, and in a short time you will be completely rid of catarrh. Give it to the children for colds and croup. It is perfectly safe.

SCENE FROM "AROUND THE CLOCK," AS SEEN AT THE OPERA HOUSE SATURDAY MATINEE AND NIGHT, FEBRUARY 3.

tune Hunter, is ably supported by a perfect company including Miss Josephine Cohan, sister of the "Yankee Doodle" comedian, George M.

Mr. Nible has won great personal success in the title role of the play "Frank Baron," as the delightful old druggist, Frank Bowman, the rural sheriff, Neil Burton, the banker, whose fortune is the attraction; Daniel Hamilton, the young broker whose scheme is the basis of the play, are the principal men in the supporting cast. Josephine Cohan, the druggist's daughter, whose love transfuses the fortune hunter, Lento Fulwell, the banker's daughter, and Virginia Berry, the country girl, have the principal woman's parts.

The play and production is under the direction of Messrs. Cohan and Harris, a guarantee in itself that the performance will be in every way worthy. Seats ready Thursday. Prices, 50c to \$2.00.

CARNIVAL SCENES AT MAJESTIC TOMORROW

Did you see the summer carnival scenes at the Majestic last Friday? More than 2,000 people did, and a good many of them—hundreds, in fact—recognized themselves or their friends. The pictures have been secured again by Manager Tannen, at the special request of officials of the Chamber of Commerce, and will be shown again tomorrow for the last time. If you want to see yourself as others see you, or if you would like to live the carnival over again, don't miss them. They show both the automobile and pioneer parades in all their glory, and the scenes are immensely interesting.

Tomorrow there will also be three other films, with a Rex, "The Boarding House Mystery" (not hash) as the feature. Today's feature film is a great Nestor, "Roped and Tied." Don't miss it, either. The Majestic remembers, is not in the trust, and its pictures are perfect.

BOYS MADE UP AS NEGROES GREAT BIG DISTURBANCE

Colorado Springs audiences are notoriously "cold." That is, they fail to respond as is most cities to the efforts of the people behind the footlights. But a notable exception was the way the crowd that filled the Lyric at the opening performance last night "fell" for the work of George and Gott, billed as "The Military Coons." The audience was almost hysterical in its laughter over the antics and rapid-fire talk of these clever actors.

The other two acts, Gullfoyle and Hosom, in a talking and singing specialty, and Josef Denuff, the iron-jawed man were equally well received. Two first-class motion pictures were shown and the four-piece Lyric orchestra furnished an excellent musical program.

The Lyric management is not endeavoring to give a "cheap" show in any way. All the acts are high priced, and everything is kept up to the best standards of the vaudeville business. Patrons appreciate this.

Hear the fascinating account of travel in South Africa, by G. Clifford Cress, T. M. C. A., Thursday evening. Adults, 25c; children, 10c.

H. O. Blaisdell

World's Champion Typist. Here Today.

Mr. H. O. Blaisdell, the world's champion typewriter operator, will be in Colorado Springs today, at which time he will make several demonstrations of his ability as a typewriter operator.

Mr. Blaisdell having held the championship for three consecutive years is now the owner of the valuable silver cup given by the various manufacturers of typewriters and office specialties.

It is impossible to describe the wonderful speed which Mr. Blaisdell has attained. His last official record was writing 112 words per minute for 60 consecutive minutes from new matter. This record was made the 26th of last October, at Madison Square Garden in New York city and set a new world's record. Mr. Blaisdell uses an Underwood typewriter exclusively. Demonstrations will be made at the Central Business college, Wilder's Business college and the Colorado Springs High school.

The public is cordially invited to witness the demonstrations to be given at the business colleges. The demonstration at the Central Business college will be given at 3:15 p. m. and the one at Wilder's Business college at 3:15 p. m.

URGES TREE PLANTING

WASHINGTON, Jan. 30.—With the coming of spring, Henry S. Graves, chief of forest service, has issued a circular urging the planting of trees in the states from New England westward to Wisconsin, and eastern Minnesota on large areas of land of very low productive value which have been swept by forest fires. From an economic point of view, says Mr. Graves, it is important that these lands should be put in a state of productivity.

"Extensive forest planting thus far has been discouraged by present methods of taxation," says Mr. Graves. "The true value of forest land and its rightful place among the permanent resources of the state are, however, becoming recognized and an enlightened public sentiment is rapidly making this form of investment safe and profitable."

BARON STANMORE DEAD

LONDON, Jan. 30.—Baron Stanmore died today in his forty-eighth year. He was one of the most prominent British colonial officials having held the post of lieutenant-governor or governor of a large number of British colonies, including New Brunswick, Trinidad, Mauritius, Fiji, New Zealand and Ceylon. He was a member of the house of lords although he took very little part in politics.

H. C. Hall Relieves Springs Land Bill Will Be Passed

H. C. Hall, who returned yesterday from Washington where he conferred with departmental heads and congressional representatives, says it is likely that congress will pass the Colorado Springs and Manitou land bill at the present session with the full approval of the different departments interested.

The proposed land grant, as settled upon for the present at Washington, will be framed along the line of the grant to the city of Seattle a short time ago. It provides that Colorado Springs and Manitou shall purchase the watershed rights at the commercial stumpage value of the trees on the watershed. Another provision is made that the minimum price shall not be less than \$1.25 an acre.

"The trouble is," said Mr. Hall last evening, "that the government does not want to establish a precedent to which other cities asking for land grants could point. Numbers of other places are asking or are prepared to ask for similar grants. Federal representatives readily see the justice of our claims, but they do not want to give the land away. The government always has and always will want to adhere to this rule."

Cost Would Not Be Great.

In the case of Colorado Springs, the cost of purchasing the land at the commercial stumpage value would not be very great. It would be different in the case of Manitou, as there are a number of trees near the reservoirs on the land which it desires to protect.

During his visit Mr. Hall presented the case of Colorado Springs and Manitou to Secretary of Agriculture Wilson, Secretary of the Interior Fisher, Acting Forester Potter, officials of the land office, senators and congressmen. He was supported by the congressional representatives from this state, Simon Gugonheim, Congressman Taylor and Martin.

Mr. Hall went over the case thoroughly, telling of the desire on the part of the two cities to protect a splendid water system from pollution. He told of the many visitors this section has

each summer and the expeditions into the mountains where the streams were being deflected. He made a report yesterday to city officials of Colorado Springs and Manitou and representatives of the Chamber of Commerce, and told what he had heard and what he expected would be done. The Manitou representatives will have a conference immediately to decide on what the town is willing to do. It is feared that the amount asked is more than the city can pay, and it is probable that certain arrangements will have to be made. Another meeting of the three locally interested parties will probably be held with Mayor Avery at the city hall.

Manitou Will Raise Amount.

"We are going to support Colorado Springs on the watershed grant proposition throughout," said Mayor Kirby of Manitou last evening. "The money will be obtained in some way."

Last evening Mayor Kirby appointed a committee of Manitou citizens to go to Denver to confer with Chief Forester Graves at the time of his visit there. Mr. Graves is expected to visit Denver early in February. The committee consists of C. W. Dolph, C. A. Polien, H. E. Nichols, H. H. Gratton, J. B. Paulson and Mayor Kirby.

MRS. C. M. BALKAM, Who Has Been Appointed "Teacher of Hygiene" in the Public Schools. Mrs. Balkam Will Spend Several Days in Pueblo, Where the Employment of a School Nurse Is Meeting With Success, and Upon Her Return to Colorado Springs Will Take Up Her Work Here.

CARNIVAL FILMS AGAIN AT MAJESTIC THEATER

By special request of officials of the Chamber of Commerce, Manager Tamm of the Majestic theater has secured the films showing scenes at the summer carnival last August for presentation at the Majestic tomorrow. These films were exhibited to the public for the first time last Friday at the Majestic, where they were seen by more than 2,000 people and the interest created was such that Manager Tamm was requested to secure them again if possible.

It is desired by Chamber of Commerce officials that as many people as possible see the pictures, as they are not only entertaining, but a striking advertisement for Colorado Springs. Practically everything to be seen in both the automobile and pioneer parades is shown, and the pictures are fine. The faces of hundreds of local people are recognizable, which adds to their interest.

DAUGHTER IS BORN TO MRS. A. B. ROBERTSON, JR.

Mrs. A. J. Lawton has received word telling of the birth Sunday of a daughter to Mr. and Mrs. A. B. Robertson, Jr., at Ridley Park, Pa. Mrs. Robertson was formerly Miss Florence McGovern, daughter of Mrs. Ella E. McGovern of this city, and is a sister of Mrs. Lawton.

The Kind You Have Always Bought

HANDSOMEST PROFESSIONAL WOMAN IN DENVER MARRIED

DENVER, Jan. 30.—Dr. Alice M. Day, one of the handsomest professional women in the city, was married last night to Edward E. Young, general superintendent of the western division of the Burlington railroad, with headquarters at Alliance, Neb.

The wedding took place at 8:30 at the residence of Mr. and Mrs. Peter Jennings, where Dr. Day made her home. The bride was gowned in a white lace robe over white satin and wore diamond earrings, the gift of the bridegroom, and a diamond pendant. Her shower bouquet was of roses and lilies of the valley.

Dr. Mary E. Bates, one of the best known physicians in the city, gave the bride away. She wore a changeable brown silk gown. Dr. Oscar Wallace Hoffman was the bridesmaid and was gowned in pink satin veiled in green chiffon and carried an enormous bouquet of sweet peas.

The house was a bower of pink and white carnations, sweet peas and ferns.

Only a few guests were present, being principally professional women. The bride was a member of the Professional Women's league, which organization gave the bride a tea at the Brown Palace hotel Saturday.

J. M. Bordy was best man.

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good; that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin, and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

AUNT DELIA WILL VISIT AT WHITE HOUSE FOR TIME

MILBURN, Mass., Jan. 20.—President Taft's aunt, Miss Delia Torrey, will leave her home here this week for a visit of several weeks at the White house. Aunt Delia is nearly 90 and has done little traveling this winter on account of the extreme weather. She ventures on so long a trip as the Washington journey only in response to the earnest invitation of President and Mrs. Taft. Robert Taft will accompany her on the trip to Washington and the president, himself, has promised to escort her back in March.

MARY NEVIN STOCK TO BE TAKEN OFF EXCHANGE

The Mary Nevin Gold Mining company stock, one of the oldest on the Colorado Springs mining exchange, will be dropped from the board after February 28, according to a notice posted yesterday by Secretary W. F. Kinney at the request of the company. It is said that it is the result of the recent purchase of the Mary Nevin and other mining property by N. S. Leopold of Chicago, Martin Mullen of Cleveland and associates from M. N. Burke, the Golden Cycle Mining company and other holders.

Elkton stock weakened slightly yesterday, 6,000 shares selling at 63 and 63 1/2 cents. El Paso remained firm at 71 and Gold Dollar sold at 15 1/2.

MAY MAKE PRISONERS WORK

In order that prisoners who receive jail sentences in this city may work here instead of in Colorado Springs, the mayor and chief of police have spoken to the district attorney who says that such an arrangement can be made if this city will bear part of the expense of boarding them. It is proposed that the land just south of the city pound be made into a park and if the work of the prisoners could be applied toward the improvement of this property it would not be long before an attractive park could be made.

MANITOU NEWS NOTES

Mrs. E. A. Berry of Denver is visiting Mrs. E. B. McKinstry.

Claude J. Rothgeb is in charge of the office of the Cog road during the absence of C. W. Sells and H. H. Holt.

H. H. Robinson, who has been at the Summit house, on Pike's Peak, for many seasons, has returned to Manitou, preparing for the opening of the summer season.

The school board, at a recent meeting, decided to advertise for bids for the sale of \$25,000 worth of bonds voted by the city to build a combination auditorium and gymnasium.

David Jones and C. W. Sells are building a garage to hold 10 cars for the use of patrons of the Cog road during the summer season, as many who make the trip up Pike's Peak go to Manitou in motor cars.

D. L. Sterling of the Eagle Milk company of New York is in Manitou for a visit. He was formerly manager of the Manitou Bottling works, and has had long experience in the work of bottling mineral waters. There is talk of getting the Manitou works to eastern men, through Mr. Sterling.

The clock in the tower of Trinity church, New York, is 100 years old. Rust and age have played havoc with it. It is to be replaced by one of modern make, having four dials, each six feet in diameter with numerals inscribed in stone.

How to Round Out Hollows.

"Instead of giving a good share of your time and money for massages and beauty creams, trying to round out the form and develop the bust, try the following simple but effective home treatment. Make a syrup, using a cup-and-a-half of sugar and enough water to make a pint, and add one ounce of treacle, and take a tablespoonful before meals."

Reports from institutions where cellulite is used indicate that it is wonderful in its action, the principle of which is to nourish and soften the skin, and to energize them so they will respond quickly. When this is done hollows round out and the flesh becomes firm, while the form assumes its true proportions and beauty of contour.

In making this tonic, be sure you get the true gelatin, which can be supplied by the above formula will make enough for a month's treatment.

YOUR STOMACH TROUBLE WILL END FOREVER

Take a Little Diapiesin Now and Your Stomach Will Feel Fine Five Minutes Later.

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you, if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Bloating, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name, always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapiesin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

MANITOU DEPARTMENT

MANITOU RESENTS STORY THAT TOWN IS "BROKE"

Manitou officials last night stoutly denied that the town was "broke" and would have no money on which to run until the end of the fiscal year—April 1, as was reported.

An extensive work has been done on the streets and roads in Manitou in the last few months, the officials say, and the expenditure has exceeded the road appropriation. To get out of this difficulty the town board used funds from the lighting appropriation to pay for the work on the roads. Now it has been decided to install a lighting system from Adams crossing to join the Manitou avenue system and the cost of this, together with the regular cost of the street lights now in operation, has exceeded the lighting appropriation. This put the town board into another difficulty—how to meet the expenditure for lights.

The aldermen are now circulating petitions asking the voters to give them the power to make an emergency appropriation to cover this expense. Should a majority of the voters of the town sign the petition the board will pass an ordinance to this effect and draw warrants. The expenditure exceeds the appropriation by about \$1,000.

"There is enough money in the general fund at present to pay all salaries and carry the town over until the end of the fiscal year," said Mayor Kirby. "It was only because such extensive improvements were made that one appropriation was exceeded, but the report that the town is 'broke' is entirely without foundation."

CHIEF FOR 60 MINUTES, BUT BANISHES 27 MEN

Street Commissioner Geiger, who was deputized to act in place of Chief of Police Daws for an hour yesterday while the latter went home to lunch, believes in quick action.

Although it was the street commissioner's first experience as a peace officer, he lost little time in getting busy. He went over the patrolman's beat in the business section and during the hour notified 27 men that their presence was not desired in Colorado City. He did not like their appearance, it is said, and they were given 60 minutes to leave the city.

Geiger was pressed into service because the chief went to lunch an hour earlier yesterday than has been his custom, and this left no one on duty in the police department.

COLORADO CITY NEWS NOTES

Johnston, Dentist, Exchange Bank Bldg.

Douglas Fine Chocolates for those who care at C. M. Sherman.

Miss Louisa Schmidt returned yesterday from a visit of several weeks with friends in Denver.

Mr. and Mrs. G. N. Simmonds of Denver are the guests of Mr. and Mrs. Arthur Johnson of Arcadia.

William Spelling was sentenced to 60 days in the county jail in Justice Bryson's court yesterday afternoon on a charge of vagrancy.

Mrs. C. M. Sherman and Mrs. James Stewart will entertain the sewing circle of Glen Eyrle chapter at the home of Mrs. Sherman next Friday afternoon.

The ladies of St. Mary's church will give a social today from 2 to 5 o'clock at the home of Mrs. Meagher, 422 Colorado avenue, for the benefit of the church. All are cordially invited.

John S. Greenwell, charged with forging a check on Simon Krantz last summer, was given a hearing in Justice Faulkner's court yesterday. He waived examination and was bound over to the district court.

Mr. and Mrs. Morris Lazars and son of San Francisco arrived yesterday for a visit with Mr. Lazars' father, Joe Lazars, at the home of Joe Finn, 215 Washington avenue. They will remain here for several weeks.

It is said that the office of street commissioner, now held by Joseph Geiger, will be temporarily done away with at the next meeting of the city council next Monday night. It will be done to cut expenses, it is reported.

F. K. Watson, for several years a stream on the Colorado Midland, left

Colorado City DEPARTMENT MORE STREET LIGHTS FOR COLORADO AVE.

It was learned yesterday morning that the county commissioners have granted the request to light Colorado avenue from Eleventh street to Adams Crossing, in accordance with the request of the Colorado City chamber of commerce and the Business Men's association.

This is one of the most important improvements recently undertaken by the city, and indicates that the avenue will become more popular as an automobile route to Manitou. It is proposed to place the lights at intervals of 100 feet. Their installation and operation will cost several thousand dollars, but according to Postmaster Morgan and N. B. Hames, who have been advocating the improvement, it is possible only a small part of the expense will be borne by the city. Meetings have been arranged with a number of citizens, from whom it is believed donations may be secured.

The county commissioners have agreed to keep the lights going only for a period of four months during the summer, but it is hoped a plan will be adopted whereby they will be kept burning throughout the year.

George Geiger, a member of the Business Men's association, was advised yesterday that the county commissioners will build a new bridge at Adams Crossing, as requested. The new structure will be of concrete, and approximately 35 feet wide, twice the width of the present wooden bridge.

At the next meeting of the city council, Monday night, the aldermen will discuss the matter of grave yard, a number of blocks along Colorado avenue. This work will be done, it is said, if the city allows the county to take the material from the city gravel beds.

BUSINESS MEN AFTER LOWER FREIGHT RATES

The proposition of sending a representative to Washington to take up the matter of making Colorado City a common freight point was taken up with business men here yesterday by Mayor Hamble. Robert Allen will leave for Washington on private business this week, and has offered to take the matter up with the commerce commission on behalf of the city.

N. B. Hames, who has been active in the work of trying to get this made a common point, said yesterday that he hoped that some arrangement could be made from here. The railroad companies have the power to take the matter up from this end of the line if the necessary influence is brought to bear on them. Hames has spoken to some of the officers of the Colorado Springs Chamber of Commerce, and they have offered to lend their aid. Mayor Hamble is now finding out from the business men whether or not the necessary funds can be raised to get the assistance of Mr. Allen and appoint him as the official delegate.

All drug stores sell Stuart's Dyspepsia Tablets. The price is 50 cents per box. Physicians use and recommend them. If you wish to try them before purchasing, address Pape's Stuart Co., 150 Stuart Bldg., Marshall, Mich., and a trial package will be sent you free.

yesterday for Grand Junction, where he will go into the fruit raising business with his father, Edward Watson. He has moved all his household goods and expects to remain there permanently. His family will leave later.

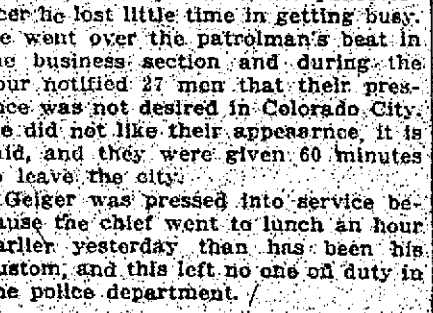

DENVER RAILWAYS ROW OVER TRACK SEILED

DENVER, Jan. 30.—The efforts of Mayor Robert W. Speer on behalf of the business men on Denver, to bring about an agreement between the Union Pacific and the Burlington railroads regarding the use of Blake and Market streets for trucking purposes yesterday were crowned with success.

The presence in Denver of President A. L. Mohler of the Union Pacific aided materially in bringing about the agreement whereby these roads will use both streets jointly and whereby other roads may use them on a wheeleasy basis, it is reported.

Only the legal difficulties and minor details attendant upon such an arrangement remain to be overcome. This will be accomplished by a meeting within a few weeks by the legal representatives of the two roads directly interested and the drawing up and signing of an ironclad agreement covering all technicalities and all legal points.

DON'T LOSE YOUR HAIR

CUTICURA SOAP SHAMPOOS

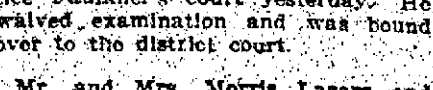

And occasional light dressings of Cuticura Ointment will prevent it when all else fails. Let us send you a liberal sample of Cuticura Soap and Ointment, free, if you have doubts about it.

Preparation made at "Cuticura" Dept. Off. Boston. Cuticura Soap and Ointment are sold by druggists throughout the world. Tender for all cases of itching skin. Write for free sample.

That Tightness of the Stomach

Caused by Formation of Nauseous Gases, From Undigested Food Stopped With a Stuart's Dyspepsia Tablet.

When you feel as if your stomach was being tightly choked when the pain is intense and you break out in a cold and clammy perspiration and there is a lump in your throat and you are weak and nauseated—all you need is a Stuart's Dyspepsia Tablet to clear away the wreckage of undigested food left in the stomach and intestine and restore you to your normal self again. And this can all be accomplished within a few moments.

Thousands of people have learned so well how sure and dependable Stuart's Dyspepsia Tablets are for all stomach ills that they are never without a package at home and at the office, and upon any indication that the stomach is a little weary, they take a Stuart's Tablet after each meal for a few days until the digestive organs get rested up again.

This is a splendid plan to follow and always results in much good. The appetite is improved, the food is relished more, your sleep is more refreshing, and your disposition will make you friends instead of enemies.

For Indigestion, Sour Stomach, Bloating, Gas, Coated Tongue, Intestinal Indigestion and all Stomach Disorders and Pains—or for Loss of appetite—Stuart's Dyspepsia Tablets are invaluable.

Use them freely—they are as harmless as sugar-would-be and are by no means to be classed as "medicine." They have no effect whatever on the system except the benefits they bring you through the proper digestion of your food.

It's Best to Remember

that every organ of the wonderful human body is dependent upon every other. If your liver goes wrong your blood will be impure; if your bowels are inactive your stomach and digestion will show it. And one trouble leads to another.

HEAD CAMP, M. W. A. MAY BE HELD HERE

If the head camp officers adopt the plan put forth by Dr. J. A. Rutledge, superintendent of the Modern Woodmen sanatorium, the next head camp meeting in 1911 will be held on grounds adjacent to those occupied by the sanatorium northwest of this city. The head camp officers may also consider favorably the abolition of the usual bonus offered by entertaining cities, since \$10,000, the usual bonus is so small compared with the \$200,000 which is the cost to the order of head camp meetings.

Dr. Rutledge, who returned yesterday from the head camp meeting, tried to get the meeting for this city in 1911. He is strongly in favor of holding the meeting near the sanatorium, and that was the proposition he advanced to the officers.

Colorado Springs will receive just as much benefit from the head camp if it holds its sessions at the sanatorium as it would should the meetings be held in the city, said Dr. Rutledge yesterday. There is plenty of space near the grounds to set up tents for the accommodation of the members, and those not caring to stay out there could remain in Colorado Springs.

Moreover, the drill teams require a large space and they would have to move out on the plains, even if the camp were held here.

The raises in rates will average 47 per cent on all present members, varying from 75 cents per thousand dollars of insurance at the age of 35 to \$2 per thousand at the age of 45. Federal insurance commissioners and experts now endorse the rate, and the government report next year will show the policies to be worth 100 cents on the dollar.

Joseph Rieheman, assistant to Dr. Rutledge, will arrive in a few days and take up his duties looking after the financial end of the sanatorium.

HAGERMAN HALL, COLORADO COLLEGE

Hagerman hall, one of the buildings which will be open for inspection next Saturday in the celebration of College day, was the first dormitory erected by the college. It was named in honor of one of the institution's patrons, the late J. J. Hagerman, and was erected during the first year of President Slocum's administration. It is the home of the young men of the college is the headquarters of the college Y. M. C. A. and contains a number of recreation rooms supplied with gymnasium apparatus, books, magazines, etc. The office of the United States weather bureau is also in Hagerman hall. The building is a center for much of the life of the men of the college who are always found there throughout the day and evening.

COURT ORDER RESTRAINS EL PASO COUNTY FROM SECURING SANTA FE TAX

Judge Riser of the federal court at Denver yesterday granted a temporary injunction restraining the authorities of El Paso and Otero counties from collecting assessments on the property of the Santa Fe railroad for the year 1910.

The Santa Fe through its attorneys, H. J. Rogers contends that the rates of taxation based on assessments in the two counties are higher than those charged ordinary property owners. It was represented that these claims were laid before the state board of equalization but that no proper relief had been granted. The injunction was sought to obtain further time in which to convince the authorities in these counties that the charges were unfair.

The case is one in which the Santa Fe has objected to the courts against the tax assessments placed by El Paso and Otero counties in 1910. The El Paso county assessment was \$18,000 for each mile of track. The state board of equalization is supporting the counties.

"I want it understood that no attempt has been made on the part of the commissioners of this county to secure a compromise," said Commissioner Hutchinson, last night. "It was my understanding that the Santa Fe is anxious to bring about an adjustment without the aid of the courts."

AMERICAN RED CROSS ASKS AID FOR CHINA

As the Colorado Springs representative of the American National Red Cross, William Lennox has received a letter from Ernest P. Bicknell, national director at Washington calling attention to President Taft's recent appeal for contributions for Chinese famine sufferers.

As a member of the Red Cross board of your state, the letter says, "we trust you may find it possible to help the success of this appeal in your own community by enlisting the active support of your newspapers. Any money which you may receive should be forwarded to the treasurer of your state board."

"All who are familiar with the situation agree that this is one of the most appalling famines which China has ever suffered. Please do not hesitate to take the initiative in any local measures which may seem to you desirable. Only money contributions are required as supplies can be purchased more cheaply in Asia than here. American clothing is not acceptable, and the cost of shipment is unjustified."

The president's proclamation has been published in the newspapers and tells of the suffering occasioned by the floods in China, which destroyed crops and caused widespread famine conditions. Money for relief may be sent to Mr. Lennox or to the treasurer of the American National Red Cross, room 341, war department, Washington, D. C.

INVITATIONS OUT FOR COUNTRY CLUB BALL

Invitations have been issued for the annual ball of the Cheyenne Mountain Country Club Friday evening, February 9, and several dinner parties have been planned. Those musically inclined will attend the De-Pachmann concert first as he appears here that evening.

The wives of the board of governors will entertain at Mrs. Eugene P. Shope, Mrs. Benjamin C. Allen, Mrs. James McK. Peridav, Mrs. Henry Hine, Mrs. J. Arthur Connell, Mrs. Wilfred M. Hager and Mrs. Duncan Chisholm. The committee on arrangements consists of J. Arthur Connell, chairman; John Jay Knox and Rarick Collins.

Societies and Clubs

The A. O. T. Embroidery club will meet this afternoon with Mrs. Richard Bold, 214 Concord street.

The Columbine Embroidery club will meet this afternoon with Mrs. C. B. Thompson, 129 East First street, Nob Hill.

The Corbucopia club will meet this afternoon at 2:15 o'clock with Mrs. W. G. Jackson, 1622 South Nevada avenue.

Colorado Springs chapter No. 34, K. P. lodge, will meet in regular session in the hall at 8 o'clock tonight.

BARTLETT IS REAPPOINTED COUNTY BRIDGE FOREMAN

William Bartlett was reappointed bridge foreman by the county commissioners, yesterday. The county is contemplating the building of several bridges this year on the Canon City road and the work will be under the supervision of Bartlett.

PRINGS PROFESSOR IS SENT TO PORTO RICO

Edwin G. Dexter, formerly instructor of science in the Colorado Springs High school but recently a member of the faculty of the University of Illinois, has been nominated commissioner of education for Porto Rico by President Taft.

Mr. Dexter came to this city in 1909 and taught chemistry and physics in the high school. In 1910 he married Miss Louise Hedges of this city and a short time later removed to Greeley where he had been offered the chair of psychology at the State Normal school. Mr. Dexter is a well known man in the city and has many friends here. He took an active interest in educational matters and was highly regarded throughout the state as an educator.

CITY DOES NOT FEAR SUIT AGAINST CHARTER

Colorado Springs is to be included in a concerted action in the courts against the commission form of government according to dispatches from Pueblo, yesterday where N. Walter Dixon of Denver filed suit to declare the Pueblo charter void. Mr. Dixon is a resident of Pueblo until last November when the charter went into effect. It is named as the plaintiff in the action.

City officials here said yesterday that in their opinion Colorado Springs has nothing to fear from the threatened suit. "I do not think there is anything to the suit," said City Attorney McKesson. In the first place, the very same things were brought out here in the case of L. Hiner against C. L. Starrett over the police magistrates' office. Judge Morris heard the case in the district court, and decided that the city's form of government was constitutional.

Don't miss the illustrated lecture on "Sunny South Africa," by G. Clifford Cross, Y. M. C. A. Thursday evening.

DR. JACKSON TO LECTURE BEFORE CIVIC LEAGUE

Dr. Edward Jackson of Denver will lecture under the auspices of the Civic League on "Medical Inspection in the Schools" in the Unitarian church, Saturday evening at 8 o'clock. Mrs. H. Alexander Smith will preside. The public is cordially invited to attend. A special invitation is extended to the El Paso County Medical society, the board of education, the Chamber of Commerce, the Visiting Nurse association, the Woman's club and all other organizations interested in the subject.

PETITION ASKS SANTA FE TO BUILD NEW STATION

Petitions were circulated yesterday asking that the Santa Fe railroad proceed with the building of the proposed new station on the site of the present depot, in spite of the fact that the officials of the road have promised the union depot commission that no extensive improvements would be made here until the union station proposition was settled.

William Ord, who owns property near the station, is circulating one petition and E. R. Stark and other residents of the east side are back of the proposition. It is understood.

Gets Letter Mailed Nearly 2 Years Ago

A piece of mail matter which started on its way from Indianapolis May 24, 1910, has just reached the person to whom it was addressed and who is now living in Colorado Springs. The package was sent from the Indiana city to Miss Rita Rosenthal then living at Mount St. Joseph, a small town on the Chicago and Great Northern line, from Cincinnati. Miss Rosenthal, who is at present living at 222 East Jefferson street in this city, received the package yesterday, more than a year and a half after it was dropped into the postoffice at Indianapolis.

Youthful Bloom To Every Skin When This Is Used.

Greaseless Cold Cream Clears the Skin and Makes It Smooth and Velvety and Young-Looking

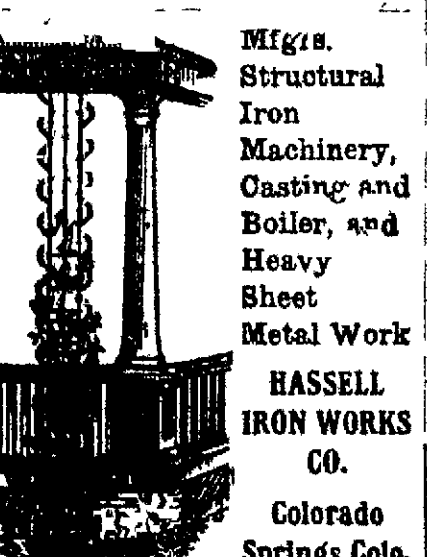

With just a little care and attention a rough, aged looking or wrinkled skin can be made soft and velvety and freed from all wrinkles. A cold cream gently massaged into the skin removes local impurities, displaces wrinkles and fine lines and gives a youthful bloom and velvet smoothness. Any one who prepares this cream at little cost by dissolving two ounces of cold cream in a quart of water, and adding a few drops of perfume, will find it during winter months it guards against winds and cold that produce rough and chapped complexions.

OLD SUNSTROKE CAUSES MENTAL DERANGEMENT

Frank H. K. is a graduate of the Forest school at Colorado College and died recently of a mental derangement. His condition at the time of his death was such that he was unable to take care of himself. He was found by a neighbor and taken to a hospital where he died. The doctor who attended him said that the derangement was probably caused by a sunstroke which he had suffered some time ago.

H. C. Hall Believes Springs Land Bill Will Be Passed

H. C. Hall, who returned yesterday from Washington where he conferred with departmental heads and congressional representatives, says it is likely that congress will pass the Colorado Springs and Manitou land bill at the present session with the full approval of the different departments interested.

The proposed land grant, as settled upon for the present at Washington, will be framed along the line of the grant to the city of Seattle a short time ago. It provides that Colorado Springs and Manitou shall purchase the watershed rights at the commercial stumpage value of the trees on the watershed. Another provision is made that the minimum price shall not be less than \$1.25 an acre.

"The trouble is," said Mr. Hall last evening, "that the government does not want to establish a precedent to which other cities asking for land grants could point. Numbers of other places are asking or are prepared to ask for similar grants. Federal representatives recently saw the justice of our claims, but they do not want to give the land away. The government always has and always will want to adhere to this rule."

Cost Would Not Be Great.

In the case of Colorado Springs, the cost of purchasing the land at the commercial stumpage value would not be very great. It would be different in the case of Manitou, as there are a number of trees near the reservoir on the land which it desires to protect.

During his visit, Mr. Hall presented the case of Colorado Springs and Manitou to Secretary of Agriculture Wilson, Secretary of the Interior Fisher, Acting Forester Potter, officials of the land office, senators and congressmen. He was supported by the congressional representatives from this state, Simon Gugenheim, Congressmen Taylor and Martin.

Mr. Hall went over the case thoroughly, telling of the desire on the part of the two cities to protect a splendid water system from pollution. He told of the many visitors this section has

each summer and the expeditions into the mountains where the streams were being defiled. He made a report yesterday to city officials of Colorado Springs and Manitou and representatives of the Chamber of Commerce and told what he had heard and what he expected would be done. The Manitou representatives will have a conference immediately to decide on what the town is willing to do. It is feared that the amount asked is more than the city can pay, and it is probable that certain arrangements will have to be made. Another meeting of the three locally interested parties will probably be held with Mayor Avery at the city hall.

Manitou Will Raise Amount.

"We are going to support Colorado Springs on the watershed grant proposition throughout," said Mayor Kirby of Manitou last evening. "The money will be obtained in some way."

Last evening Mayor Kirby appointed a committee of Manitou citizens to go to Denver to confer with Chief Forester Graves at the time of his visit there. Mr. Graves is expected to visit Denver early in February. The committee consists of C. W. Dolph, C. A. Pollen, E. E. Nichols, H. H. Grafton, J. B. Paulson and Mayor Kirby.

MRS. C. M. BALKAM, Who Has Been Appointed "Teacher of Hygiene" in the Public Schools. Mrs. Balkam Will Spend Several Days in Pueblo, Where the Employment of a School Nurse is Meeting With Success, and Upon Her Return to Colorado Springs Will Take Up Her Work Here.

CARNIVAL FILMS AGAIN AT MAJESTIC THEATER

By special request of officials of the Chamber of Commerce, Manager Tammien of the Majestic theater has secured the films showing scenes at the summer carnival last August for presentation at the Majestic tomorrow. These films were exhibited to the public for the first time last Friday at the Majestic, where they were seen by more than 2,000 people, and the interest created was such that Manager Tammien was requested to secure them again if possible.

It is desired by Chamber of Commerce officials that as many people as possible see the pictures, as they are not only entertaining, but a striking advertisement for Colorado Springs. Practically everything to be seen in both the automobile and pioneer parades is shown, and the pictures are fine. The faces of hundreds of local people are recognizable, which adds to their interest.

HANDSOMEST PROFESSIONAL WOMAN IN DENVER MARRIED

DENVER, Jan. 30.—Dr. Alice M. Day, one of the handsomest professional women in the city, was married last night to Edward E. Young, general superintendent of the western division of the Burlington railroad, with headquarters at Alliance, Neb.

The wedding took place at 8:30 at the residence of Mr. and Mrs. Peter Jennings, where Dr. Day made her home. The bride was given in marriage to her groom by her father, Dr. O. W. Wallace Hoffman, who was in pink satin veiled and wore diamond earrings, the gift of the bridegroom, and a diamond pendant. Her shower bouquet was of bride's roses and white lilies of the valley.

Dr. Day is one of the best-known physicians in the city, gave the bride away. She wore a changeable brown silk gown. Dr. O. W. Wallace Hoffman was in pink satin veiled and wore diamond earrings, the gift of the bridegroom, and a diamond pendant. Her shower bouquet was of bride's roses and white lilies of the valley.

The house was a bower of pink and white carnations, sweet peas and ferns.

Only a few guests were present, being principally professional women. The bride was a member of the Professional Women's league, which organization gave the bride a tea at the Brown Palace hotel Saturday.

J. M. Bordy was best man.

AUNT DELIA WILL VISIT AT WHITE HOUSE FOR TIME

MINNAPOLIS, Mass., Jan. 30. President Taft's aunt, Miss Della Torrey, will leave her home here this week for a visit of several weeks at the White house. Aunt Delia is nearly 90 and has done little traveling this winter on account of the extreme weather. She ventures on so long a trip as the Washington journey only in response to the earnest invitation of President and Mrs. Taft. Robert Taft will accompany her on the trip to Washington and the president himself has promised to escort her back in March.

MARY NEVIN STUCK TO BE TAKEN OFF EXCHANGE

The Mary Nevin Gold Mining company stock, one of the oldest on the Colorado Springs mining exchange, will be dropped from the board after February 29, according to a notice posted yesterday by Secretary W. P. Kinney at the request of the company. It is said that it is the result of the recent purchase of the Mary Nevin and other mining property by N. S. Leopold of Chicago, Martin Mullen of Cleveland and associates from M. N. Burke, the Golden Cycle Mining company and other holders.

Elkton stock weakened slightly yesterday, 6,000 shares selling at 63 and 62 1/2 cents. El Paso remained firm at 71 and Gold Dollar sold at 15 1/2.

MAY MAKE PRISONERS WORK

In order that prisoners who receive light sentences in this city may work here instead of in Colorado Springs, the mayor and chief of police have spoken to the district attorney who says that such an arrangement can be made if this city will bear part of the expense of boarding them. It is proposed that the land just south of the city pound be made into a park and if the work of the prisoners could be applied toward the improvement of this property it would not be long before an attractive park could be made.

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information. BEAUFORT MEDICAL CO., 41 E. G.

YOUR STOMACH TROUBLE WILL END FOREVER

Take a Little Diapepsin Now and Your Stomach Will Feel Fine Five Minutes Later.

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which cause your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Bloating, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Fape's Diapepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness, or Gastritis, or by any other name, always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Fape's Diapepsin will regulate any out-of-order stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

MANITOU DEPARTMENT

MANITOU RESENTS STORY THAT TOWN IS "BROKE"

Manitou officials last night stoutly denied that the town was "broke" and would have no money on which to run until the end of the fiscal year—April 1, as was reported.

Extensive work has been done on the streets and roads in Manitou in the last few months, the officials say, and the expenditure has exceeded the road appropriation. To get out of this difficulty the town board used funds from the lighting appropriation to pay for the work on the roads. Now it has been decided to install a lighting system from Adams crossing to join the Manitou avenue system and the cost of this, together with the regular cost of the street lights now in operation, has exceeded the lighting appropriation. This put the town board into another difficulty—how to meet the expenditure for lights.

The aldermen are now circulating petitions asking the voters to give them the power to make an emergency appropriation to cover this expense. Should a majority of the voters of the town sign the petition the board will pass an ordinance to this effect and draw warrants. The expenditure exceeds the appropriation by about \$1,000.

"There is enough money in the general fund at present to pay all salaries and carry the town over until the end of the fiscal year," said Mayor Kirby. "It was only because such extensive improvements were made that one appropriation was exceeded, but the report that the town is 'broke' is entirely without foundation."

MANITOU NEWS NOTES

Mrs. E. A. Berry of Denver is visiting Mrs. E. B. McKinstry.

Claude J. Rothgeb is in charge of the offices of the Cog road during the absence of C. W. Sells and H. H. Holt.

H. H. Robinson, who has been at the Summit house, on Pikes Peak, for many seasons, has returned to Manitou, preparing for the opening of the summer season.

The school board, at a recent meeting, decided to advertise for bids for the sale of \$25,000 worth of bonds voted by the city to build a combination auditorium and gymnasium.

David Jones and C. W. Sells are building a garage to hold 10 cars for the use of patrons of the Cog road during the summer season, as many who make the trip up Pikes Peak go to Manitou in motor cars.

D. L. Sterling of the Eagle Milk company of New York is in Manitou for a visit. He was formerly manager of the Manitou Bottling works, and has had long experience in the work of bottling mineral waters. There is talk of selling the Manitou works to eastern men, through Mr. Sterling.

The clock in the tower of Trinity church, New York, is 100 years old. Rust and age have played havoc with it. It is to be replaced by one of modern make, having four dials, each six feet in diameter with numerals inscribed in stone.

How to Round Out Hollows

"Instead of giving a good share of your time and money for massages and costly creams, trying to round out the hollows and develop the bust, try the following simple but very effective home treatment. Make a syrup, using a cup-and-a-half of sugar and enough water to make a pint; to this add one ounce of true galls, and take a tablespoonful before meals."

Reports from Australia where baldness is used indicate that it is wonderful in its action, the principle of which is to nourish unperfected or atrophied tissues and to energize them so they will respond quickly. When this is done, the hair round out and the flesh becomes firm, while the form assumes its true proportions and beauty of contour.

In making this tonic, be sure you get the true galls, which any druggist can supply. The above formula will make enough for a month's treatment.

Colorado City DEPARTMENT MORE STREET LIGHTS FOR COLORADO AVE.

It was learned yesterday morning that the county commissioners have granted the request to light Colorado avenue from Eleventh street to Adams Crossing, in accordance with the request of the Colorado City chamber of commerce and the Business Men's association.

This is one of the most important improvements recently undertaken by the city, and indicates that the avenue will become more popular as an automobile route to Manitou. It is proposed to place the lights at intervals of 100 feet. Their installation and operation will cost several thousand dollars, but according to Postmaster Morgan and N. B. Hames, who have been advocating the improvement, it is possible only a small part of the expense will be borne by the city. Meetings have been arranged with a number of citizens, from whom it is believed donations may be secured.

The county commissioners have agreed to keep the lights going only for a period of four months during the summer, but it is hoped a plan will be adopted whereby they will be kept burning throughout the year.

George Geiger, a member of the Business Men's association, was advised yesterday that the county commissioners will build a new bridge at Adams Crossing, as requested. The new structure will be of concrete, and approximately 36 feet wide, twice the width of the present wooden bridge. At the next meeting of the city council, Monday night, the aldermen will discuss the matter of graveled a number of blocks along Colorado avenue. This work will be done, it is said, if the city allows the county to take the material from the city gravel beds.

BUSINESS MEN AFTER LOWER FREIGHT RATES

The proposition of sending a representative to Washington to take up the matter of making Colorado City a common freight point was taken up with business men here yesterday by Mayor Hamble. Robert Allen will leave for Washington on private business this week, and has offered to take the matter up with the commerce commission on behalf of the city.

N. B. Hames, who has been active in the work of trying to get this made a common point, said yesterday that he hoped that some arrangement could be made from here. The railroad companies have the power to take the matter up from this end of the line if the necessary influence is brought to bear on them. Hames has spoken to some of the officers of the Colorado Springs Chamber of Commerce, and they have offered to lend their aid. Mayor Hamble is now finding out from the business men whether, or not the necessary funds can be raised to get the assistance of Mr. Allen and appoint him as the official delegate.

CHIEF FOR 60 MINUTES, BUT BANISHES 27 MEN

Street Commissioner Geiger, who was deputized to act in place of Chief of Police Tammien for an hour yesterday while the latter went home to lunch, believes in quick action.

Although it was the street commissioner's first experience as a peace officer he lost little time in getting busy. He went over the patrolman's beat in the business section and during the hour notified 27 men that their presence was not desired in Colorado City. He did not like their appearance, it is said, and they were given 60 minutes to leave the city.

Geiger was pressed into service because the chief went to lunch an hour earlier yesterday than has been his custom, and this left no one on duty in the police department.

COLORADO CITY NEWS NOTES

Johnston, Dentist, Eschwege Bent Bldg.

Douglas Fine Chocolates for those who care at C. M. Sherman.

Miss Louise Schmidt returned yesterday from a visit of several weeks with friends in Denver.

Mr. and Mrs. G. N. Simmonds of Denver are the guests of Mr. and Mrs. Arthur Johnson of Argosdale.

William Snelling was sentenced to 60 days in the county jail in Justice Bryson's court yesterday afternoon on a charge of vagrancy.

Mrs. C. M. Sherman and Mrs. James Stewart will entertain the sewing circle of Glen-Erie chapter at the home of Mrs. Sherman next Friday afternoon.

The ladies of St. Mary's church will give a social today from 2 to 5 o'clock at the home of Mrs. Meagher, 422 Colorado avenue, for the benefit of the church. All are cordially invited.

John S. Greenwell, charged with forging a check on Simon Kranz last summer, was given a hearing in Justice Faulkner's court yesterday. He waived examination and was bound over to the district court.

Mr. and Mrs. Morris Lazars and son of San Francisco arrived yesterday for a visit with Mr. Lazars' father, Joe Lazars, at the home of Joe Finn, 215 Washington avenue. They will remain here for several weeks.

That Tightness of the Stomach

Caused by Formation of Nauseous Gases, From Undigested Food Stopped With a Stuart's Dyspepsia Tablet.

When you feel as if your stomach was being tightly choked—when the pain is intense and you break out in a cold and clammy perspiration and there is a lump in your throat and you are weak and nauseated—all you need is a Stuart's Dyspepsia Tablet to clear away the wreckage of undigested food left in the stomach and intestines and restore you to your normal self again. And this can all be accomplished within a few moments.

That Knotty Feeling of the Stomach is Relieved by a Stuart's Dyspepsia Tablet.

Thousands of people have learned so well how sure and dependable Stuart's Dyspepsia Tablets are for all stomach ills that they are never without a package at home and at the office, and upon any indication that the stomach is a little weary, they take a Stuart's Tablet after each meal for a few days until the digestive organs get rested up again.

This is a splendid plan to follow and always results in much good. The appetite is improved, the food is relished more, your sleep is more refreshing, and your disposition will make you friends instead of enemies.

For Indigestion, Sour Stomach, Belching, Gas, Coated Tongue, Intestinal Indigestion and all Stomach Disorders and Pains, or, for Loss of Appetite, Stuart's Dyspepsia Tablets are invaluable.

Use them freely—they are as harmless as sugar would be, and are by no means to be classed as "medicine." They have no effect whatever on the system except the benefits they bring you through the proper digestion of your food.

All Drug stores sell Stuart's Dyspepsia Tablets. The price is 50 cents per box. Physicians use and recommend them. If you wish to try them, before purchasing, address: Geo. Stuart Co., 150 Stuart Bldg., Marshall, Mich., and a trial package will be sent you free.

yesterday for Grand Junction, where he will go into the fruit raising business with his father, Edward Watson. He has moved all his household goods and expects to remain there permanently. His family will leave later.

DENVER RAILWAYS ROW OVER TRACK SILENCE

DENVER, Jan. 30.—The efforts of Mayor Robert W. Speer, on behalf of the business men of Denver, to bring about an agreement between the Union Pacific and the Burlington railroads regarding the use of Blake and Market streets for truckage purposes yesterday were crowned with success.

The presence in Denver of President A. L. Mohler of the Union Pacific aided materially in bringing about the agreement whereby these roads will use both streets jointly and whereby other roads may use them on a wheeledge basis. It is reported.

Only the legal difficulties and minor details attendant upon such an arrangement remain to be overcome. This will be accomplished by a meeting within a few weeks by the legal representatives of the two roads directly interested, and the drawing up and signing of an ironclad agreement covering all technicalities and all legal points.

WEDNESDAY, JANUARY 31, 1912.

THE HEALTH OFFICER'S REPORT

IN a report which has just appeared the city health officer has called attention to some very important facts and has made some important recommendations. He states that there is a desire of a portion of the population of Colorado Springs to suppress anything that may be an advertisement to the outside world that this city is a resort for people affected with tuberculosis. He deplores the short-sighted attitude of people who would attempt to deceive prospective tourists into thinking that this is not a health resort. "Dr. Gillett rightly says:

"There is one thing which we can do to establish the confidence in this place which it deserves. It has been successfully tried in other towns, both in this country and abroad, and can be done here. That is: Let the people everywhere know that we realize the dangers of tuberculosis and that we are protecting our inhabitants against infection. The result will be the same as it is after a suspected house has been disinfected. People have the same fear of moving into a house that is infected with tuberculosis but when we assure them that we have thoroughly fumigated they move in without fear." In other words, the desirable thing to do is to keep our city fumigated by enforcement of the sanitary regulations already on the statute books.

Our municipal health ordinances are excellent. All that is needed is their thorough enforcement. Every resident of the city should aid by observing the laws himself and by reporting anyone who does not observe the laws to the proper authorities.

Knowledge of what the law is is a requisite to its observance. One of the most important of the ordinances is the one relating to spitting on the sidewalk. It reads as follows:

"No person shall spit upon any sidewalk or upon the floor of any street car, omnibus, hack or any vehicle, which is used for conveying passengers, or upon the stairway, floor or wall of any hall or building or upon the walks, lawns, pavilion or other structures in any park open to the public. No person whose lungs are diseased, or whose sputum is such as to arouse suspicion of being infectious shall spit on any street, alley or lawn or any other place within the city which the health officer shall consider to be dangerous to the public health. And any such person finding it necessary to spit while in any public place must provide himself with a sputum cup, cloth or other material which can be properly destroyed, burned or disinfected or otherwise disposed of in any manner satisfactory to the Department of Public Health. Any person violating any of the divisions of this section shall be fined not less than \$1 or more than \$5 for each offense."

This is good as far as it goes, but everybody knows it is violated hundreds of times daily. And it will continue to be violated until an aroused public opinion demands a cessation of the evil. Indifference to the danger of infection by spitting constantly imperils the public health. It is due in large measure to the prevalent stupid belief that tuberculosis does not and cannot originate here, although nearly every physician can recount several cases in his own practice which disprove this assumption.

The truth is that the climate of Colorado Springs is especially favorable to the prevention and cure of tuberculosis, but it will not prevent the inception of the disease when neglect of ordinary sanitary precautions causes the germs to be scattered broadcast so that everybody is constantly exposed to them. This fact is well known to the medical profession and the intelligent public everywhere, and unless we are more careful in the future than we have been in the past to enforce stringent sanitary laws we shall pay dearly for our carelessness, not only in the loss of the patronage of visitors but in the health and lives of our own people. To protect those who are well against infection from the sick is an

obligation which the community cannot escape.

A RECIPE

THERE are various methods of attaining political notoriety. Only one recipe, however, is certain of success. It is this: Take one colonel, politics unimportant, season with ginger, stir thoroughly and set in an editorial room to cool. The desired results will follow. The recipe has been widely used and has never been known to fail.

It has been most extensively used in the Democratic party. Colonel Bryan, editor of The Commoner, has tried it upon himself with great success, although he did not use enough of the seasoning. Colonel Harvey, editor of Harper's Weekly, and Colonel Watterson, editor of the Louisville Courier-Journal, are other Democratic illustrations of the application of the recipe. However, in the latter cases so much ginger was used that the general flavor was spoiled except for habitual consumers of chili con carne and tabasco sauce.

The example, fin de siècle, par excellence and in hoc signo vinces, of the successful application of this recipe is to be found in the G. O. P. When you mix a Rough Rider colonel with Jamaica ginger and let the mixture cool off in The Outlook you have an invincible combination.

Incidentally this discussion has shown wherein La Follette is lacking. He is an editor, he has ginger, but he is not a colonel. In the words of Lord Dundreary: "A word to the wise gathers no moss."

OPEN-PARLIAMENT

COLLEGE DAY.

To the Editor of The Gazette:
Finding it of importance that the men of the city come more closely into contact with the life and work of Colorado college, it has been decided to designate Saturday, February 3, as College day, and a cordial invitation is extended to all the men of Colorado Springs to visit the buildings at any time from 3 o'clock in the afternoon until 9 in the evening. The board of trustees, faculty and students of the college and the members of the Woman's Educational society will act as hosts, and will take pleasure in showing to everyone who accepts this invitation the halls, shops and college residences. If the guests will kindly come to Palmer hall they will find members of the faculty there to receive them, and guides will be provided to show them through the buildings. It is hoped by all representatives of the college that a very large number will accept this invitation and give them the pleasure of welcoming them to its grounds and buildings.

In behalf of the trustees, faculty, students and members of the Woman's Educational society,
WILLIAM F. SLOCUM, President.
MARY G. SLOCUM, President, Woman's Educational Society.
EDWARD S. FARNSON, FLORIAN CAJOREL, WILLIAM C. STURGIS, EDWARD D. HALE, RUTH LOOMIS, Deans.

Colorado Springs, Jan. 30.

FROM OTHER PENS

PRINCETON'S NEW PRESIDENT.

From the New York Tribune.
The election of Prof. John Grier Hibben as president of Princeton will undoubtedly prove highly satisfactory not only to the university's alumni, but to its well-wishers everywhere. The choice made yesterday brings a long interregnum to an end and will probably tend to compose differences as to administrative methods which have divided the board of trustees for several years. These differences had assumed an aggravated form before Dr. Wilson's resignation in 1910, and his departure to enter the field of politics did not compose them.

IN THE RED SEA.

From the Chicago Tribune.
When the Ottoman tribes in Asia Minor starting to expand in 1700, had put themselves as barriers across all the trade routes to the spice countries of the east, they closed the Red sea. The Italian cities, cheated of their trade, endeavored by arms and bribes to keep the caravan and ship routes open, maintain their warehouses in the Levant, fill their ships and satisfy the appetite of Europe for spices and gratify its taste in silks and jewels.
Finally the Turks refused to sell concessions, the wall of their armies could not be penetrated, caravans no longer went westward, ships rotted along the Malabar coast, in the Persian gulf, and in the Red sea, Europe went without its savors, Columbus set out for the northwest passage, Da Gama struck out for the route around the Cape of Good Hope, and Magellan circumnavigated the globe.

The Turkish blockade of the Red sea, the Italian cities, the caravan routes, the ships, the Levant, the Persian gulf, and the Red sea, Europe went without its savors, Columbus set out for the northwest passage, Da Gama struck out for the route around the Cape of Good Hope, and Magellan circumnavigated the globe.

CHARLES FRANCIS ADAMS ON PENSIONS.

From the Baltimore Sun.
In the January number of the World's Work Mr. Charles Francis Adams throws a lurid light upon the claims and deserts of the beneficiaries of the Sherwood pension bill. He tells us that in each congressional district of Massachusetts the average number of pensioners was 2,700. And at the elections of 1910, in five of the 14 districts, the average plurality to a district was 450.

Now as a class he says "pensioners, whether male or female, act as a unit, and exerting the hostility of the pensioners is to a politician like challenging an organized phalanx actuated throughout by the strongest motives of self-interest. Anyone opposing their claims may be sure that denunciation will be personal, abusive and mendacious—that usually experienced from the sturdy and persistent mendacity to whom aims are denied."

It is claimed that if needed the Sherwood pension bill would relieve Congress of a vast amount of special legislation. The history of pension grants, according to Mr. Adams, does not bear this contention out. The system of special pensions is solidly grounded in the loyalty of the representative to his constituent. Since 1861 there have been granted to individuals under special acts no less

than 32,401 original pensions or increases of existing pensions. In the congress immediately following the Civil war "when cases of peculiar hardship were naturally fresh in memory or sight, 138 cases only were provided for in this way."

Later it became understood that each member of either house was entitled, as a special bit of "pocket patronage," to two acts a session.

In the Sixty-first congress 9,063 cases were provided for thus. And, 30,000 applicants are now on file with the appropriate house committee.

The third point made by Mr. Adams relates to the personnel of those who are liable to demand pensions. At the beginning of the war it was easy to get good men to enlist. But as the war dragged on instead of resorting to conscription at the north as in the Confederacy, cash bounties amounting in some places to \$777 for a service of not more than three years, in addition to the regulation \$16 per month pay, plus rations and clothing, "bounty jumping" and desertion were rife, and President Lincoln observed in 1862 that of 140,000 men being paid for in Pope's army only 60,000 could be found.

In the last presidential election not quite 15,000,000 votes were cast. The present cost of the pensions per annum is \$180,000,000 odd. If the Sherwood bill goes through, the sum will be the heavier \$200,000,000. We wonder how many of these voters would be willing to give away \$10 or more of his own or some one else's money without the least idea whether the applicant deserved it. We wonder further how many voters have any but the vaguest idea of the merits of any of the 921,000 pension cases on the rolls.

ONE OF THEM COULD.

From the Beloit (Wis.) News.
Mrs. Anna Booz, came Friday night for a visit with Mrs. R. L. Seright.

AN ARTISTIC CUSSER.

From the Logan Square Herald.
If you have a stove to put up or a glass to put in and don't want to swear, let J. H. Fuog of the Fair do it. He is an artist.

AFFINITIES.

From the Laporte (Ind.) Argus Bulletin.
The marriage of Miss C. E. Bacon of this city and Mr. Jeremiah Liles of Frankfort, Ky., will be solemnized Tuesday evening at 3:30 o'clock at the Rebekah hall.

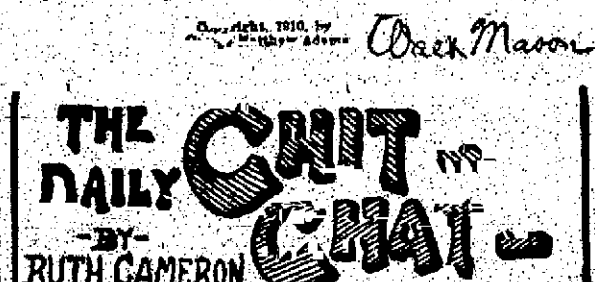

HOW TRUE!

From the Williamsport (Ind.) Republican.
These reunions bring back precious memories and are like a seat in the park, where one may stop, think, rest, and look backward a short time before hurrying along on life's maddening pace to the end.

I slide in the icy gutter and fracture a neck or knee; and I would that my tongue could utter the thoughts that arise in me. So many of lofty scheming stand round in the mart and talk; what profits their rosy dreamings if perilous

THE ICY WALK is the walk's "come forth from your hall or hotel when slick is the earth with sleet, and do with a wooden shovel your stunt on the public street, sweeping through your mistakes your views on the state of the world, and sprinkle the walk with ashes, for that is the wiser graft. My neighbors will stand debating the worth of the income tax, while out on the walks are skating poor souls on their heads or backs. I don't care a whoop if Teddy or Woodrow or Bob should run; it's snowing again already, and I shall remove a ton of snow with my good old shovel, and sprinkle the ice with salt, that no one may fall and grovel and swear at the name of Walt.

Are you growing?
Of course, I don't mean growing physically. I mean are you developing in any way, or are you standing still, or even retrograding?
It seems to me that is a question which each one of us ought to ask himself at least once a year. And what better time than this, the end of the first lap of the new year, to ask it?

I'll tell you what made me think of this subject. A college girl who had been out of college 10 years went to a reunion. At that reunion one of her classmates who is a music teacher played a piano solo. The first girl is a teacher, but she understands a good deal about music and she realized at once that her classmates had improved to a wonderful degree in her playing. And not only did she play infinitely better than she had during her college days, but even better than she had three or even two years ago.

Then the first girl said to herself—"Gertrude has been growing every year, since she left college. She hasn't stood still and rusted on her laurels—she has just kept on developing. Now, am I doing that? Am I much better as a teacher, than I was the first year I left college, as Gertrude is as a musician? Am I a better teacher now than I was two or three years ago?"

And after she had put this question she wasn't at all sure what the answer ought to be.
Are YOU growing? Are YOU developing every year? Would anyone, who could understand, be able to see a distinct advance in your proficiency over your standard of two or three years ago?

Are you, each year, a better teacher, a more accurate proofreader, a more efficient business man, a more gripping teacher?

Are you—I've saved this for a separate paragraph, because I know there would be a large class of people who would want to remind me that they did not need my question, because they had neither talent to develop, nor profession or business to master—are you each year a better home-maker, are you each year a more livable member of society?

You, who follow that most humble and yet most exalted profession of home-making, you whose talents are in the brain or fingers, remember that there is just as much technique in home-making as there is in piano playing. Remember that there are just as many gradations, just as vast possibilities for development and improvement in the art of livableness as in the art of painting or writing. The greatest principle of life is perpetual growth. When anything in the vegetable world ceases to grow it begins to decay.

So, if you want to guard yourself and your power from decay and decline, take the only sure method—keep on growing all the time.

The Great Conflict

A Half Century Ago Today

JANUARY 31, 1862

Queen Victoria declared her determined purpose "to observe the duties of neutrality during the existence of hostilities between the United States and the states calling themselves the Confederate States of America," and "to prevent, as far as possible, the use of her majesty's harbors, ports and coasts, and the waters within her majesty's jurisdiction, for aid of warlike purposes of either belligerent."

The congress of the United States passed an act authorizing the president to take possession of the telegraph and railroad lines in the United States, whenever in his judgment the public safety required it, declaring that any attempt to resist the wire-strained use by government of such property, when too powerful to be suppressed by ordinary means, should be punishable by death, as a military offense, directing the president to appoint three commissioners to assess and determine the damages suffered by railroad or telegraph companies in consequence of such seizures, and placing the transportation of troops, munitions of war, etc., under the immediate control of the secretary of war or his agents. It was finally provided that the act should not be in force any longer than was necessary for the suppression of the rebellion.

When several sections of state for the United States directed the release from Fort Lafayette of all prisoners taken on board vessels that had violated the blockade.

Four men who were engaged in constructing a telegraph line through Kentucky for the use of the national forces were captured by a band of Confederates and taken south.

(Copyright, 1912, by W. G. Chapman.)

PLOT TO ESCAPE

DENVER, Jan. 30.—Only the fugitive's falling over a wire lawn guard prevented the success of a conspiracy among eight contrabands of Patrick C. Georgeopoulos, a Greek actor and playwright, wanted in Mason City, Ia., on a charge of false pretenses, to effect Georgeopoulos' escape from the district court here today.

Georgeopoulos had just been released on a writ of habeas corpus and officers were awaiting to arrest him on a warrant charging him with being a fugitive from justice.

At the critical moment one of the eight Greeks seated in the back of the court room coughed as a signal and on the instant Georgeopoulos dashed through the crowd and out of the door, his companions at the same time following and trying to block pursuit.

A shot fired by a deputy sheriff went wide, but just as the fugitive reached the lawn, the fleeing man stumbled and was caught.

PICKET POOL ROOMS TO KEEP MINORS AWAY

CHICAGO, Jan. 30.—Members of the Chicago Culture club were told by Judge Adler Pettit last night that if they would station 15,000 club women at the doors of the 530 pool rooms in the city for the purpose of preventing minors from entering the places, they would go far toward checking crime in Chicago.

"Enforcement of city ordinances in regard to pool halls," he said, "would eliminate enough crime to make the work of judges a simple matter. Fifty per cent of the boys arrested are taken in these places. There are enough club women in Chicago to watch these pool halls and it would not be a great effort, either. One woman could devote one day each month to it and thus prevent boys from entering them."

CURIOUS CROWDS ARE BARRED FROM COURT

NEWARK, N. J., 30.—Court officers today turned away a curious crowd that sought admission to the court room where Allison M. MacFarland is on trial for the murder of his wife. The announcement by Prosecutor Mott that he expected to show that MacFarland and his alleged "affinity," Florence Bromley of Philadelphia, were guilty of immoral acts and that the defendant took his wife's life that he might marry Miss Bromley served to develop much interest in the case, but under orders of Chief Justice Gummere only a few persons were admitted to the trial room.

SILVER PRICES ADVANCE

WASHINGTON, Jan. 30.—Contract for delivery of 200,000 fine ounces of silver at \$0.58375 an ounce at the San Francisco mint, was made by the treasury department today. It will be used for coinage dimes and quarters. The price is slightly higher than the government's last purchase.

FOR LEAP YEAR WEDDINGS

the most appropriate gift is fine quality silverware. You will be sure to find just what the bride wants here moderately priced.

IN THE EARLY DAYS

THIRTY YEARS AGO TODAY

JANUARY 31, 1882.

Sergeant O'Keefe, formerly of the signal service and for many years in charge of the station on Pikes Peak, in an interview in Washington stated that he thought that if the bones of Gutzau, Garfield's assassin could be whittled up into watch charms they could be sold for enough to pay the national debt.

The street watering cart collapsed on Pikes Peak avenue and thoroughly sprinkled the immediate vicinity.

Bacon & Carr received seven carloads of stone from the Castle Rock quarries for their new livery stable.

Mayor France ordered a number of cooking utensils purchased for the use of the vagrants who appealed to the

city for food. His idea was to furnish them with the raw food and make them do their own cooking instead of feeding them at the restaurants, as had been the practice.

TWENTY YEARS AGO TODAY

JANUARY 31, 1892.

The officers of the Lemhi Mining company received word that a large body of bituminous coal had been found on their placer property in Idaho.

Police Judge Kinsley was in Cripple Creek, and his place was being filled by Mr. Ira Harris.

Two toughs tried to steal a bottle of whisky from Woods & Torrence's drug store but were caught and arrested.

After I'm Married

(Copyrighted, 1912, by Laura Jean Libbey.)

What young man has not said to himself, as he watched the difficulties of the married men about him: "If I pursue a different plan after I'm married, can I make a success?"

He goes on to say that it's a man's own fault for allowing his wife to find him and thereby make him uncomfortable. He, for one, would set his foot down against theater bills, amounting to enough to pay a maid's wages for a month.

"After I'm married," he boasted, "I want all of my friends to come and take note, patterning after me as to how to run a home."

It is indeed quite interesting to his friends to see how he "pans out." His ideal was an ethereal, clinging little creature, who had not an opinion of her own. They were amazed when somehow he began to beau around a cooed who was on her holiday visit home. It must have been a desperate case of love at first sight, for it ended in a hasty marriage, rather than have her go back to college again, where she was considering accepting a position as teacher. His dreams had been of a cozy flat, just three or four rooms, with a wood fire in the living room, a comfortable chair drawn before it, and a table big enough to hold his papers, with a shelf for his ash tray, pipe, matches, etc.

But, bless you! The wife had her own ideas upon home making. "I'm the one who has to stay in the house all day," she declared. "It is for me to say what shall go into it! A wood fire, indeed! In these days, steam heaters are in vogue. As for those old pictures, I wouldn't have them taking up room in the house, even with all due respect for the subjects and givers."

Last but not least, a four-room flat wouldn't do at all. Mother and father have always had a large, airy room, and they mustn't be deprived of it now," she said.

And then about smoking, he was told that he might as well know that she abhorred it and wouldn't stand for that. A pipe in her living room! Her aunt Matilda would faint at the sight of such a thing. The theaters, too, she declared were of valuable information in picturing life. She saw no reason as to why she should discontinue going to amusements because she was married.

A man cannot tell what's going to become of him; he is simply in the hands of his wife—after he's married.

ANSWERS

POOR CHAP HE'S BALD!
"Dear Miss Libbey: I am only 22, but I am fast becoming bald. I am really generous and attractive, but because of my misfortune the girls do not pay any attention to me and it makes me so unhappy. Tell me, please, how to win my way into their affection."

BALDY.
Write to Miss Russell in care of The Tribune for a hair tonic.

WHICH ONE TO TAKE?

"Dear Miss Libbey: I am a bachelor girl of 30, although my friends say I look no more than 20. Among my many acquaintances are two men, both of whom have asked me to share their

future. One of them is 15 years my senior, the other six years my junior. Neither of them seems too old or too young, and both have shown themselves worthy of everyone's respect and both are congenial companions. It is so hard for me to decide between these two, as I like them both very much, having some preference for the younger of the two, but fear that if after years I may seem too old for him. Please help me to decide, as I have but two weeks more for a decision, and both are anxiously waiting for a final answer."

A MUCH WORRIED GIRL.
If you can decide which one of them you want you are not really in love with either one of them.

SHALL HE MARRY HER?
"Dear Miss Libbey: I am a young man, 25 years old, and have for the last two years corresponded with the sister of my chum, though I have never met her. Now, Miss Libbey, my chum has just come back from a visit home and he seems to think I ought to ask his sister to marry me, and he says his mother thinks so, too. I am much in love with her, but I have never seen her or her mother, and although I am earning enough for two of us I can't get off to visit them, for they live too far away. Please tell me what to do, for I am sure that if I don't ask her to marry me she will not write to me any more, and besides I will lose the friendship of my chum."

A. E. R.
Don't marry the girl under such conditions. Better lose a friendship like that.

"COULDN'T WORK IN A WORD, EDGEWISE."
"Dear Miss Libbey: Two young persons have been the best sort of friends for many years, with a mutual interest of a misunderstanding bobbed up and I couldn't work in a word edgewise. Missy just would not hear one word I said. The highest endeavor and virtue is to understand things by intuition. But when Missy keeps the tokens of esteem, calls me a brute, and refuses to answer the phone, please tell me where you think I stand.
"It was not my fault but I would admit anything now. Don't you think a little consideration would mean to 'talk it over' at least?"
F. O. C.
I am sure you can win out if you go about it right. Arrange to meet her, either at her home or outside, and I am sure she will hear what you have to say. Don't appear overanxious to make up. Tell her, casually, that you would like to find out why she acts as she does. Don't refer to the matter when you first see her, but gradually lead up to the subject.

QUESTION OF AGES.
"Dear Miss Libbey: I am 18 and in love with a fellow of 38. This man has known me since I was a child of about 10 years, and the last few years has shown me an every way that he loves me dearly and wants to marry me. You think that the difference in our ages is too great for two who love another very dearly to marry. I never would marry another. LUCILLE.
No, Lucille. If you love him the difference in your years shouldn't count.

Ilibbard's **MONTH** **END** **SALE** **Today**

End of January **Linens Bargains**

Pattern Table Cloths and odd Napkins at One-Third Off the Regular Prices. * * * *

CRIPPLE CREEK MINES

Special to The Gazette.
CRIPPLE CREEK, Jan. 30.—The best run on record at the Wild Horse mill on the mine of that name on Bull hill is now in progress, the ore milled from between the 300 and 400-foot levels of the Wild Horse carrying value of \$5 to the ton. This ore is highly oxidized and the saving made by A. N. Ryan, superintendent in charge of the plant, will be near to 85 per cent of the assay value of the ore. The cyanide process is used. The mill, which is owned by the United Gold Mines company, is under lease to Henry & Anderson, who also are lessees of the mine.

Albert Gold Mining Co.
 Gibson & Altman associates, leasing on the Kalamazoo mine on Bull hill, adjoining the Wild Horse, have opened up a new shipping grade, and will shortly commence production. A steam plant has been installed. The property is owned by the Albert Gold Mining company.

Maid of Orleans.
 The Henry Adney Gold Mining company, operating and controlling the Maid of Orleans mine on Beacon hill, have sunk the shaft 100 feet this month, and in addition have timbered this shaft 125 feet with square sets. The shaft is now 780 feet deep and will be sunk to the 1,000-foot mark before lateral work is attempted.

More Water in Tunnel.
 Measurements will be taken Wednesday by Engineer T. H. Connelley on the Roosevelt Deep Drainage tunnel. Supl. Charles H. Fuller, in charge of the tunnel work, reports the water in the station at the intermediate shaft to be between three and four inches higher on the walls than at any previous time. The station at the tunnel level at this point is fully 15 feet wide, and the flow is estimated at beyond 11,000 gallons a minute.

Granite Gold Mining Co.
 Operations on company account have been commenced on the Dillon mine on the mountain. A drift is being carried into the Dillon from the deeper workings of the Granite mine, in search of an ore shoot.

Price & Howbert, operating the Monmouth mine of the Granite company, are mining and shipping from three to five cars a week of better than average grade ore, and lessees at the Coin shaft, Dillon and Upper Granite are also producing a good average grade of ore.

Mining Deed.
 By mining deed, Mary McGuinness has conveyed to the Sisters of St. Francis an undivided one-eighth interest in the Holmdell lode mining claim in this district. The consideration named was a nominal one.

NEW YORK MARKET

NEW YORK, Jan. 30.—Under the spur of a keen demand for the leading railroad stocks, prices movements followed quickly in the early trading today. Shares of all the best-known roads and of a number of industrial corporations rose from 1 to 2 points, with a few more extensive gains. But shortly afterwards, prices broke.

With the exception of the stocks of the Vanderbilt roads, gains were either checked or largely reduced. In the last half hour, prices again rose, and the close was firm, at a level appreciably higher than the last prices of the previous day.

The most important influences on the market were the report of the Harriman roads for December, the strength of the shares of the Vanderbilt lines and the quarterly report of the United States Steel corporation. United States Steel rose a point in the early trading, and although it subsequently sold off to below 68 for the first time this year, it bounded back to 69 1/2 by the close.

The steel corporation's net earnings of \$43,105,000 were well up to expectations. The net earnings, however, are nearly \$3,000,000 less than those of the corresponding period of 1911, and are barely sufficient to pay the dividend on the common and preferred stock.

The appearance of the Harriman statements, showing a decrease in net earnings in December of \$880,000 for United Pacific and \$715,000 for Southern Pacific, was followed by a break in the stock market to the lowest points of the day, but these statements did not keep down prices long.

Trading in oil fell off, but the tone was firm. Total sales, par value, \$3,668,000.

United States 3s, coupon, declined 1/8 to 104 1/2. Panama 3s, coupon, 1/4 on call. Quotations furnished by Otis & Hough.
